I-215/UNIVERSITY PARKWAY STREET CLOSURE

WHEN: Saturday, July 12 from 6:00 a.m to 11:59 p.m.

WHAT'S HAPPENING: A portion of University Parkway will be closed while a new drainage system is installed. Access to businesses will be maintained.

There will be street and ramp lane closures during this time (detour routes will be posted). The closures include:

- University Parkway between Hallmark Parkway and southbound (SB) I-215 on- and off-ramps
- SB I-215 on-ramp right-turn lane
- SB I-215 off-ramp right-turn lane

WHAT TO EXPECT: Motorists are encouraged to plan ahead and allow extra time to reach their destination. Equipment including excavators, jack hammers, and illuminated light towers may be used. Work may be loud and at times you may hear rumbling, banging, engine noises, and safety (back-up) alarms. You may see bright lights, and flashing (strobe) lights. At times, this work may cause vibration.

SBCTA wants to provide you with notice about construction activities near your property so that you know what to expect. Please know that construction is dynamic, and dates and times of specific activities can change. We are always here to answer questions about the project and construction.
