Meeting Procedures and Rules of Conduct

<u>Meeting Procedures</u> - The Ralph M. Brown Act is the state law which guarantees the public's right to attend and participate in meetings of local legislative bodies. These rules have been adopted by the Board of Directors in accordance with the Brown Act, Government Code 54950 et seq., and shall apply at all meetings of the Board of Directors and Policy Committees.

<u>Accessibility</u> - The meeting facility is accessible to persons with disabilities. If assistive listening devices or other auxiliary aids or services are needed in order to participate in the public meeting, requests should be made through the Clerk of the Board at least three (3) business days prior to the Board meeting. The Clerk can be reached by phone at (909) 884-8276 or via email at <u>clerkoftheboard@gosbcta.com</u> and office is located at 1170 W. 3rd Street, 2nd Floor, San Bernardino, CA.

<u>Agendas</u> – All agendas are posted at <u>www.gosbcta.com/board/meetings-agendas/</u> at least 72 hours in advance of the meeting. Staff reports related to agenda items may be reviewed online at that web address. Agendas are also posted at 1170 W. 3rd Street, 1st Floor, San Bernardino at least 72 hours in advance of the meeting.

<u>Agenda Actions</u> – Items listed on both the "Consent Calendar" and "Discussion" contain recommended actions. The Board of Directors will generally consider items in the order listed on the agenda. However, items may be considered in any order. New agenda items can be added and action taken by two-thirds vote of the Board of Directors or unanimous vote of members present as provided in the Ralph M. Brown Act Government Code Sec. 54954.2(b).

<u>Closed Session Agenda Items</u> – Consideration of closed session items excludes members of the public. These items include issues related to personnel, pending litigation, labor negotiations and real estate negotiations. Prior to each closed session, the Chair will announce the subject matter of the closed session. If action is taken in closed session, the Chair may report the action to the public at the conclusion of the closed session.

Public Testimony on an Item — Members of the public are afforded an opportunity to speak on any listed item. Individuals wishing to address the Board of Directors or Policy Committee Members should complete a "Request to Speak" form, provided at the rear of the meeting room, and present it to the Clerk prior to the Board's consideration of the item. A "Request to Speak" form must be completed for each item an individual wishes to speak on. When recognized by the Chair, speakers should be prepared to step forward and announce their name and address for the record. In the interest of facilitating the business of the Board, speakers are limited to three (3) minutes on each item. Additionally, a twelve (12) minute limitation is established for the total amount of time any one individual may address the Board at any one meeting. The Chair or a majority of the Board may establish a different time limit as appropriate, and parties to agenda items shall not be subject to the time limitations. Members of the public requesting information be distributed to the Board of Directors must provide 40 copies of such information in advance of the meeting, except for noticed public hearings. Information provided as public testimony is not read into the record by the Clerk.

The Consent Calendar is considered a single item, thus the three (3) minute rule applies. Consent Calendar items can be pulled at Board member request and will be brought up individually at the specified time in the agenda allowing further public comment on those items.

<u>Agenda Times</u> – The Board is concerned that discussion take place in a timely and efficient manner. Agendas may be prepared with estimated times for categorical areas and certain topics to be discussed. These times may vary according to the length of presentation and amount of resulting discussion on agenda items.

<u>Public Comment</u> – At the end of the agenda, an opportunity is also provided for members of the public to speak on any subject within the Board's authority. Matters raised under "Public Comment" may not be acted upon at that meeting. "Public Testimony on any Item" still applies.

<u>Disruptive or Prohibited Conduct</u> – If any meeting of the Board is willfully disrupted by a person or by a group of persons so as to render the orderly conduct of the meeting impossible, the Chair may recess the meeting or order the person, group or groups of person willfully disrupting the meeting to leave the meeting or to be removed from the meeting. Disruptive or prohibited conduct includes without limitation addressing the Board without first being recognized, not addressing the subject before the Board, repetitiously addressing the same subject, failing to relinquish the podium when requested to do so, bringing into the meeting any type of object that could be used as a weapon, including without limitation sticks affixed to signs, or otherwise preventing the Board from conducting its meeting in an orderly manner. Your cooperation is appreciated!

General Practices for Conducting Meetings of Board of Directors and Policy Committees

Attendance.

- The Chair of the Board or a Policy Committee (Chair) has the option of taking attendance by Roll Call or Self-Introductions. If attendance is taken by Roll Call, the Clerk of the Board will call out by jurisdiction or supervisorial district. The Member or Alternate will respond by stating his/her name. If attendance is by Self-Introduction, the Member or Alternate will state his/her name and jurisdiction or supervisorial district.
- A Member/Alternate, who arrives after attendance is taken, shall announce his/her name prior to voting on any item.
- A Member/Alternate, who wishes to leave the meeting after attendance is taken but before remaining items are voted on, shall announce his/her name and that he/she is leaving the meeting.

Basic Agenda Item Discussion.

- The Chair announces the agenda item number and states the subject.
- The Chair calls upon the appropriate staff member or Board Member to report on the item.
- The Chair asks members of the Board/Committee if they have any questions or comments on the item. General discussion ensues.
- The Chair calls for public comment based on "Request to Speak" forms which may be submitted.
- Following public comment, the Chair announces that public comment is closed and asks if there is any further discussion by members of the Board/Committee.
- The Chair calls for a motion from members of the Board/Committee.
- Upon a motion, the Chair announces the name of the member who makes the motion. Motions require a second by a member of the Board/Committee. Upon a second, the Chair announces the name of the Member who made the second, and the vote is taken.
- The "aye" votes in favor of the motion shall be made collectively. Any Member who wishes to oppose or abstain from voting on the motion, shall individually and orally state the Member's "nay" vote or abstention. Members present who do not individually and orally state their "nay" vote or abstention shall be deemed, and reported to the public, to have voted "aye" on the motion.

The Vote as specified in the SANBAG Bylaws.

- Each Member of the Board of Directors shall have one vote. In the absence of the official representative, the alternate shall be entitled to vote. (Board of Directors only.)
- Voting may be either by voice or roll call vote. A roll call vote shall be conducted upon the demand of five official representatives present, or at the discretion of the presiding officer.

Amendment or Substitute Motion.

- Occasionally a Board Member offers a substitute motion before the vote on a previous motion. In instances where there is a motion and a second, the maker of the original motion is asked if he or she would like to amend his or her motion to include the substitution or withdraw the motion on the floor. If the maker of the original motion does not want to amend or withdraw, the substitute motion is voted upon first, and if it fails, then the original motion is considered.
- Occasionally, a motion dies for lack of a second.

Call for the Question.

- At times, a Member of the Board/Committee may "Call for the Question."
- Upon a "Call for the Question," the Chair may order that the debate stop or may allow for limited further comment to provide clarity on the proceedings.
- Alternatively and at the Chair's discretion, the Chair may call for a vote of the Board/Committee to determine whether or not debate is stopped.
- The Chair re-states the motion before the Board/Committee and calls for the vote on the item.

The Chair.

- At all times, meetings are conducted in accordance with the Chair's direction.
- These general practices provide guidelines for orderly conduct.
- From time-to-time circumstances require deviation from general practice.
- Deviation from general practice is at the discretion of the Chair.

Courtesy and Decorum.

- These general practices provide for business of the Board/Committee to be conducted efficiently, fairly and with full participation.
- It is the responsibility of the Chair and Members to maintain common courtesy and decorum.

State Legislative Update

Recommendation:

Receive the June 2022 State Legislative Update and provide direction as appropriate.

Background:

Governor's Budget

On May 13, 2022, Governor Newsom presented the Fiscal Year 2022–23 May Revision (Revise) of his initial budget proposal. Overall, the Revise proposes spending of \$300.6 billion in total state funds, consisting of approximately \$227.3 billion from the General Fund, \$68.9 billion from special funds, and \$4.4 billion from bond funds. General Fund revenues are estimated to be nearly \$55 billion higher than in January. The Revise also includes \$18.1 billion in direct relief to millions of Californians to help offset rising costs and it projects an increase in the minimum wage for millions of workers.

While the Revise anticipates a considerable increase in revenue, it also balance against increased economic uncertainty due to international events, continuing global supply chain disruptions, and persistent record rates of inflation. To hedge against this uncertainty, the Revision reflects \$37.1 billion in budgetary reserves and plans to prepay billions of dollars in state debts and make supplemental deposits into the state's Rainy Day Fund. Additionally, the Revise reflects \$49.2 billion in discretionary surplus, and the overall budget plan spends 94 percent of the discretionary surplus on one-time projects.

Legislative Session

As May ends, there has been a flurry of activity as we reach the halfway point of the 2022 legislative year. Friday, May 20th marked the last day for fiscal committees to hear and report to the floor bills introduced in their house of origin. Accordingly, the Assembly Appropriations Committee and the Senate Appropriations Committee combined to refer over 950 bills to the respective suspense files. Generally, any bill making an appropriation of \$150,000 or more is referred to the suspense file—this rule applies to most bills introduced in any legislative session. Of the roughly 950 bills referred to the suspense file, approximately 740 survived a suspense hearing on May 19th and were reported to the floor of the house of origin—Assembly or Senate. Approximately 219 bills were held in Appropriations, i.e., those bills did not survive the suspense hearing and are effectively dead.

Additionally, Friday, May 27th marked another critical point in the legislative term: the house of origin deadline. At the house of origin deadline, any bill introduced must pass out of its house of origin and be reported to the opposite house. In this second year of the two-year legislative session, 1,522 bills were introduced in the Assembly and 760 were introduced in the Senate.

Dead	1st House					2nd House						

Current law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus and other incentives or concessions as specified, if the developer agrees to construct, among other options, specified percentages of units for moderate income, lower income, or very low income households and meets other requirements. This bill would additionally require that a density bonus be provided under these provisions to a developer who agrees to construct a housing development that is a cohousing building, as defined, that meets specified requirements and will contain either 10% of the total square footage for lower income households, as defined, or 5% of the total square footage for very low income households, as defined.

L	Dead	1st House					2nd House						

The Planning and Zoning Law authorizes the legislative body of any county or city to adopt ordinances that regulate the use of buildings, structures, and land as between industry, business, residences, open space, and other purposes. This bill would prohibit a city or county legislative body from adopting or enforcing an ordinance requiring a public hearing as a condition of adding space for additional bedrooms or reconfiguring existing space to increase the bedroom count within an existing house, condominium, apartment, or dwelling. The bill would include findings that ensuring adequate housing is a matter of statewide concern and is not a municipal affair, and that the provision applies to all cities, including charter cities.

AB 1037 Grayson D (Dist. 14) Infrastructure construction: digital construction management technologies.

Location: SENATE SECOND READING

Ī	2Year	Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
- 1	Dead	1st House				2nd House				Conc.			

Would require the Department of General Services to develop guidance, policies, and procedures for the integration and development of digital construction technologies for use on a civil infrastructure project, as defined, that is developed by specified state entities and has a state project cost of greater than \$50,000,000. The bill would require the guidance, policies, and procedures to be published in the State Administrative Manual and the State Contracting Manual, as appropriate, by January 1, 2023. The bill would require the guidance, policies, and procedures to include, among other things, the method for a state department to implement a requirement that a bid or proposal for a civil infrastructure project contract include a digital construction management plan, as specified.

AB 1154 Patterson R (Dist. 23) California Environmental Quality Act: exemption: egress route projects: fire safety.

Would, until January 1, 2029, exempt from CEQA egress route projects undertaken by a public agency to improve

emergency access to and evacuation from a subdivision without a secondary egress if the State Board of F and Fire Protection has recommended the creation of a secondary access to the subdivision and certain conditions are met. The bill would require the lead agency to hold a noticed public meeting to hear and respond to public comments before determining that a project is exempt. The bill would require the lead agency, if it determines that a project is not subject to CEQA and approves or carries out that project, to file a notice of exemption with the Office of Planning and Research and with the clerk of the county in which the project will be located.

Gabriel D (Dist. 45) Resiliency Through Adaptation, Economic Vitality, and Equity Act of 2022. **AB 1384**

Current law requires the Natural Resources Agency to release a draft of the state's climate adaptation strategy, known as the Safeguarding California Plan, by January 1, 2017, and every 3 years thereafter, to update the plan by July 1, 2017, and every 3 years thereafter, and to coordinate with other state agencies to identify vulnerabilities to climate change by sectors and priority actions needed to reduce the risks in those sectors. Existing law requires, to address the vulnerabilities identified in the plan, state agencies to maximize specified objectives. This bill would instead require the agency to release the draft plan by January 1, 2024, and every 3 years thereafter, and to update the plan by July 1, 2024, and every 3 years thereafter.

Levine D (Dist. 10) Planning and zoning: regional housing need allocation: climate change **AB 1445** impacts.

Existing law, the Motor Vehicle Fuel Tax Law, administered by the California Department of Tax and Fee Administration, imposes a tax upon each gallon of motor vehicle fuel removed from a refinery or terminal rack in thi state, entered into this state, or sold in this state, at a specified rate per gallon. Existing law requires the department to annually adjust the tax imposed by increasing the rates based on the California Consumer Price Index, as specified. This bill would limit the above-described annual adjustment to a maximum of 2% for rate adjustments made on or after July 1, 2023. This bill contains other related provisions.

Kiley R (Dist. 6) Motor Vehicle Fuel Tax Law: suspension of tax. **AB 1638**

Location: ASSEMBLY APPR.

	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered

Current law authorizes the Sacramento Regional Transit District, the Los Angeles County Metropolitan Transportation Authority, the Fresno Area Express, and the San Francisco Bay Area Rapid Transit District (BART to issue a prohibition order to any person who is cited 3 times within a period of 90 days for specified infractions committed in or on a vehicle, bus stop, or train or light rail station of a transit district or a property, facility, or vehicl upon which BART owes policing responsibilities, or to any person who is arrested or convicted for a misdemeanor or felony committed in or on a vehicle, bus stop, or light rail station of the transit district for acts involving violence, threats of violence, lewd or lascivious behavior, or possession for sale or sale of a controlled substance. Current lav makes those prohibition orders subject to an automatic stay and prohibits a prohibition order from taking effect until the latest of 11 calendar days after delivery of the prohibition order, 11 calendar days after delivery of the results of a timely requested initial review of the prohibition order, or the date a hearing officer's decision is delivered if an administrative hearing was timely requested, as specified. This bill would instead prohibit a prohibition order, 12, rather tha 11, calendar days after delivery of the prohibition order, or the date a hearing officer's decision is delivered if an administrative hearing was timely requested.

AB 1749 Garcia, Cristina D (Dist. 58) Community emissions reduction programs: toxic air contaminants and criteria air pollutants.

Location: ASSEMBLY THIRD READING

2Year	Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
Dead		1st I	House			2nd H	louse		Conc.			

Current law requires the State Air Resources Board, based on the assessment and identification of communities wit high cumulative exposure burdens, to select locations around the state for preparation of community emissions reduction programs. Current law requires an air district encompassing any location selected by the state board to adopt, within one year of the state board's selection, a community emissions reduction program to achieve emissior reductions for the location selected using cost-effective measures, as specified. Current sales and use tax laws impose taxes on retailers measured by gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state, measured by sales price. The Sales and Use Tax Law provides various exemptions from those taxes. This bill would provide an exemption from those taxes with respect to the sale in this state of, and the storage, use, or other consumption in this state of, a qualified motor vehicle. The bill would define "qualified motor vehicle" as a specified zero-emission truck The bill would disallow the exemption for sales or uses made on or after January 1, 2025, if the purchaser also received other specified benefits.

Current law authorizes the legislative body of a city or a county to establish an enhanced infrastructure financing district to finance public capital facilities or other specified projects of communitywide significance, including projects that enable communities to adapt to the impacts of climate change. Current law also requires the legislative body to establish a public financing authority, defined as the governing board of the enhanced infrastructure financing district, prior to the adoption of a resolution to form an enhanced infrastructure district and adopt an infrastructure financing plan. This bill would authorize a city, county, city and county, special district, or a combination of any of those entities to form a climate resilience district, as defined, for the purposes of raising and allocating funding for eligible projects and the operating expenses of eligible projects. The bill would deem each district to be an enhance infrastructure financing district and would require each district to comply with existing law concerning enhanced

infrastructure financing districts, unless the district is specified as otherwise. The bill would require a district finance only specified projects that meet the definition of an eligible project. The bill would define "eligible project" to mean projects that address sea level rise, extreme heat, extreme cold, the risk of wildfire, drought, and the risk o flooding, as specified.

Current law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 5% for the Low Carbon Transit Operations Program, which is administered by the Department of Transportation and provides operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility. Current law requires each of those transit agencies to demonstrate that each expenditure of program moneys allocated to the transit agency reduces the emissions of greenhouse gases and does not supplant another source of funds, to use those moneys to provide transit operating or capital assistance, to use at least 50% of those moneys to benefit disadvantaged communities, and to submit specified

information to the department before seeking a disbursement of those program moneys, as specified. This because of the department before seeking a disbursement of those program moneys, as specified. authorize a transit agency that uses program moneys to fund a free or reduced fare transit program and that demonstrates compliance with the above-described requirements in its initial program application to continue to use those moneys to maintain that program on an ongoing basis without demonstrating continued compliance with those requirements.

The Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. Current law requires every agenda for regular meetings of a local agency to provide an opportunity for members of the public to directly address the legislative body on any item of interest to the public, before or during the legislative body's consideration of the item, that is within the subject matter jurisdiction of the legislative body. Current law authorizes the legislative body to adopt reasonable regulations to ensure that the intent of the provisions relating to this public comment requirement is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker. Current law authorizes the members of the legislative body conducting the meeting to order the meeting room cleared and continue in session, as prescribed, if a group or groups have willfully interrupted the orderly conduct of a meeting and order cannot be restored by the removal of individuals who are willfully interrupting the meeting. This bill would authorize the presiding member of the legislative body conducting a meeting to remove an individual for disrupting the meeting.

The California Environmental Quality Act (CEQA) requires the Office of Planning and Research to prepare and develop proposed guidelines for the implementation of CEQA by public agencies and requires the Secretary of the Natural Resources Agency to certify and adopt those guidelines. CEQA requires the office to prepare, develop, an transmit to the secretary for certification and adoption proposed revisions to the guidelines establishing criteria for determining the significance of transportation impacts of projects within transit priority areas, as defined, that promote the reduction of greenhouse gas emissions, the development of multimodal transportation networks, and a diversity of land uses. Current law requires the office to recommend potential metrics to measure transportation impacts, as specified. CEQA authorizes the office to adopt guidelines establishing alternative metrics to the metrics used for traffic levels of service for transportation impacts outside transit priority areas. This bill would require the office, by January 1, 2025, to conduct and submit to the Legislature a study on the impacts and implementation of the guidelines described above relating to transportation impacts. The bill would require the office, upon appropriation, to establish a grant program to provide financial assistance to local jurisdictions for implementing those guidelines.

Federal Legislative Update

Recommendation:

Receive the June 2022 Federal Legislative Update and provide direction as appropriate.

Background:

Fiscal Year 2023 Appropriations Process

House and Senate Committee Leadership on Appropriations have yet to negotiate topline spending levels for the Fiscal Year 2023 (FY23) Appropriations bills. However, Senate Appropriations Chairman Patrick Leahy (D-VT) and Ranking Member Richard Shelby (R-AL) are both retiring at the end of this Congress and have met twice to discuss a path forward. House Appropriations Chairwoman Rosa DeLauro (D-CT) acknowledged the delays but said her Committee was still planning to stick to its schedule and that the hope was topline numbers could be agreed to in the coming weeks. The House Appropriations Committee has tentatively scheduled Subcommittee markups between June 13-22, at which time the full texts of each bill will be released. Subcommittee markups will be followed by Full Committee markups, likely held between June 22-30, followed by floor consideration in July.

White House / U.S. Department of Transportation Announce Safe Streets Grants

President Joe Biden and U.S. Department of Transportation (DOT) Secretary Pete Buttigieg on May 16, 2022, announced \$1 billion in available funding for local communities as part of the Safe Streets and Roads for All (SS4A) Grant Program.

The program was created as part of the Bipartisan Infrastructure Investment and Jobs Act and provides dedicated funding to support regional, local and tribal plans, projects and strategies that will prevent roadway deaths and serious injuries.

The law directed the DOT to "support local initiatives to prevent death and serious injury on roads and streets." The law also directed the DOT, when selecting projects under the program, to consider other factors in addition to safety, including equitable investment in the safety needs of underserved communities.

The FY22 funding provides dedicated funding, laid out in the National Roadway Safety Strategy, to significantly reduce serious injuries and deaths on highways, roads and streets, and is part of the DOT's work toward an ambitious long-term goal of reaching zero roadway fatalities.

Eligible applicants include local governments, groups of communities, Metropolitan Planning Organizations (MPOs) and other special districts that are subdivisions of a state, certain transit agencies, federally recognized tribal governments and multijurisdictional groups.

Additional information and resources about the SS4A grant program can be found at https://www.transportation.gov/SS4A. Applications are due on or before September 15, 2022.

MISSION STATEMENT

Our mission is to improve the quality of life and mobility in San Bernardino County. Safety is the cornerstone of all we do.

We achieve this by:

- Making all transportation modes as efficient, economical, and environmentally responsible as possible.
- Envisioning the future, embracing emerging technology, and innovating to ensure our transportation options are successful and sustainable.
- Promoting collaboration among all levels of government.
- Optimizing our impact in regional, state, and federal policy and funding decisions.
- Using all revenue sources in the most responsible and transparent way.
