Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The "Success Rate" for each opportunity (if known) is indicated in **blue** in the "Notes" column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished "in-house" with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

Table 3 includes a list of grants that are on the horizon, but NOFAs have not been released. Success rates, links to past awards, and anticipated level of difficulty are not listed in Table 3.

TABLE 1 New Grant Opportunities			
Deadline	**Name of Grant**	**Grant Number**	**Page Number**
03/25/22	**Fire Preparedness & Prevention**	22	23
04/01/22	**Multibenefit Land Repurposing Program – Regional Block Grant Entity**	28	29
04/14/22	**Commuter Authority Rail Safety Improvement Grants**	38	36
04/14/22	**Drought Contingency Planning Grant**	39	37
04/14/22	**State Fire Assistance Grant**	40	37
04/14/22	**Omnitrans Measure I Regional Mobility Partnership Program**	41	38
04/15/22	**Quagga Zebra Mussels Infestation Prevention**	42	39
04/28/22	**WaterSMART Grants: Small-Scale Water Efficiency Projects**	47	43
05/02/22	**Prop 47 for Mental Health, Substance Abuse, and/or Diversion Services**	48	44
Ongoing	**County-wide Funding Programs for Drinking Water**	55	51

4	03/04/22 Water and Ecosystem Restoration	**Prop 1 Restoration Grants.** For multi-benefit ecosystem restoration and protection focusing on planning, implementation, and acquisition projects across multiple priorities. Priorities: 1. Large-scale wildfire recovery response and prevention. 2. Manage headwaters for multiple benefits. 3. Protect, restore, and enhance mountain meadow ecosystems in the Sierra Nevada and Cascade ranges. 4. Protect and restore anadromous and other non-game native fish habitat 5. Protect and restore anadromous and other native fish habitat in watersheds of California to aid in the recovery and conservation of these species. 6. Protect and restore cross-border urban creeks and watersheds Delta Water Quality and Ecosystem Restoration Grant Program Priorities 1. Improve water quality 2. Improve habitats in the Delta	CA Department of Fish and Wildlife	State	None	Not required	https://wildlife.ca.gov/Conservation/Watersheds/Restoration-%20Grants Link to Prior Awards: here **Success Rate:** 28 projects were funded in the last round: 18 through Watershed Restoration and 10 through Delta Water Quality and Ecosystem Restoration **LOD: Medium**

7	03/07/22 Transportation	**Federal-State Partnership for State of Good Repair Grant Program.** To fund projects within the United States to repair, replace, or rehabilitate Qualified Railroad Assets to reduce the state of good repair backlog and improve Intercity Passenger Rail performance. Eligible projects repair, replace, or rehabilitate qualified railroad assets and improve intercity passenger rail performance. Eligible capital projects include those that: • Replace existing assets in-kind; • Replace existing assets with assets that increase capacity or provide a higher level of service; • Ensure that service can be maintained while existing assets are brought to a state of good repair; and • Bring existing assets to a state of good repair. Projects should include components that: improve/expand transportation options, mitigate safety risks (particularly low-income areas, and communities of color, reduce emissions, promote energy efficiency, increase resilience, and recycle or redevelop existing infrastructure.	U.S. Department of Transportation	Federal	There are no minimum or maximum funding requirements	20%; Agency will provide selection preference to applications where the proposed Federal share of total project costs is 50 percent or less	https://railroads.dot.gov/grants-loans/competitive-discretionary-grant-programs/federal-state-partnership-state-good-repair-1 Link to Prior Awards: here **Success Rate:** 11 projects were funded in the last round **LOD: Complex**

29	04/01/22 Transportation	**Section 190 Grade Separation Program.** To improve safety and expedite the movement of vehicles by eliminating highway-rail crossing at grade with a grade separation. Project can include the grade separation and all approaches, ramps, connections, drainage, and other construction items required to make the grade separation operable and to affect the separation the vehicle roadway from the railway tracks. Grade separation projects may also include provisions for separations of non-motorized traffic from vehicular roadway and the railroad tracks. On any project where there is only one railroad track in existence, the project shall be built so as to provide for expansion to two tracks when the Grade Separation Program Manager determines that the project is on an existing or potential major railroad passenger corridor. Such projects may consist of: • The alteration or reconstruction of existing grade separations. • The construction of new grade separations to eliminate existing grade crossings	U.S. Department of Transportation via CA PUC	Federal	$5 million to $20 million	20%	https://dot.ca.gov/programs/rail-and-mass-transportation/grade-separation-program-section-190-guidelines Link to Prior Awards: Not Available **Success Rate:** Not Available **LOD: Complex**

64	First Come, First Served* Transportation (Engineering/ Public Works/ Planning)	**Local Roadway Safety Plan.** To address unique highway safety needs while contributing to the success of the Strategic Highway Safety Plan (SHSP). Program Highlights: • LRSP funds may cover one local agency or multiple ones. • In future Highway Safety Improvement Plan (HSIP) Calls-for-Projects, an LRSP (or its equivalent) will be preferred or required for an agency to be eligible to apply for federal HSIP funds (highly recommended in April 2020 and required by April 2022). • The agencies who received the Systemic Safety Analysis Report Program (SSARP) funds in 2016 or 2017 are not the priorities currently. • The LSRP process creates a framework to systematically identify and analyze safety problems and recommend improvements. • LRSP preparation results in a prioritized list of improvements and actions that can demonstrate a defined need and contribute to the statewide plan. • The LRSP offers a proactive approach to addressing safety needs and challenges.	CA Department of Transportation	State	$72,000	10%	Program Website Link to 2020 Awards List: here *State funding will be available soon to local agencies for developing their LRSPs.
