LOS ANGELES COUNTY

LAX Launches New TMO

As part of its sustainability plan to move to zero carbon emissions, Los Angeles World Airports (LAWA) recently launched a Transportation Management Organization (TMO) for employers within LAX. All of the roughly 200 employers with workers reporting to LAX are required to participate in the TMO.

The TMO, called commuteLAX, provides ride-matching and trip planning services, connecting people working at LAX with others who might want to carpool or vanpool. Using **ridematch.info** and other transit resources, they assist with bus/rail routing for employees, and offer a guaranteed ride home program.

The TMO will form an advisory group consisting of LAX employers that will help plan for additional services to include incentives, subsidies, and AQMD Rule 2202 compliance assistance.

"We wanted to create a one-stop-shop for employers and employees to go to," says Melissa Molina, Rideshare Program

Administrator at LAWA. "We knew we had thousands of employees commuting from all over Southern California, and there wasn't one central place where they could match up with each other."

While the initial months have concentrated on outreach, as of July 2022, LAWA will be collecting annual fees. Employers that offer **"WE WANTED** TO CREATE A ONE-STOP-SHOP FOR EMPLOYERS AND EMPLOYEES TO GO TO."

certain benefits – such as providing a \$50 or more subsidy for transit and vanpooling – may qualify for a discount.

For more information, call 424.646.7665, email commuteLAX@ lawa.org or visit lawa.org/commutelax.

Find out more and purchase passes at participating retail stores, online at octa.net or using the OC Bus mobile app.

Making Metrolink Connections (for Free!)

If your worksite is located near the Metrolink Tustin or Irvine stations but not close enough to walk the distance to work—here's good news. OCTA's iShuttle may be able to get your employees from the station to work (and back again), at low fares or even free.

iShuttes are timed to meet Metrolink trains, even waiting 15 minutes if one is running late.

Transfers are free from OC Bus, Metrolink and Amtrak. Cash fare is just \$1 (or \$5 for a 10-ride card, available from the driver).

Tustin iShuttle offers three routes serving the Irvine Business

Complex area, including a stop at John Wayne Airport. The Irvine iShuttle currently services the Irvine Spectrum Center and nearby.

Some routes are temporarily discontinued, so visit **octa.net** or call 714.636.7433 for the most up to date information.
