

AGENDA

City/County Manager's Technical Advisory Committee

Thursday, September 7, 2023

10:00 AM

LOCATION:

San Bernardino County Transportation Authority
First Floor Lobby Board Room
1170 W. 3rd Street, San Bernardino, CA 92410

TELECONFERENCE LOCATIONS:

Needles City Administration & Utility Office
817 3rd Street, Needles, CA 92363

Call to Order

Attendance

Administrative Matters

1. **Discuss the City County Manager's Technical Advisory Committee Meeting Schedule – Otis Greer, SBCTA**

Discuss the final City County Manager's Technical Advisory Committee meeting schedule and provide direction as appropriate.

Council of Governments

2. **Smart County Master Plan Early Action Update – Monique Arellano, SBCOG**

Receive an update on the Early Action Plan and look at the next steps.

Attachment No. 1: Pg. 5

3. **Legislative Update – Laura Morales, League of California Cities**

Receive a general legislative update.

Transportation

4. **Express Lanes Program Update – Tim Byrne, SBCTA**

Receive an update on the status of the San Bernardino County Transportation Authority Express Lanes Program.

Public Comment

Brief Comments from the General Public

ADJOURNMENT

The next meeting of the City/County Manager's Technical Advisory Committee is scheduled
for **November 2, 2023.**

Meeting Procedures and Rules of Conduct

Meeting Procedures - The Ralph M. Brown Act is the state law which guarantees the public's right to attend and participate in meetings of local legislative bodies. These rules have been adopted by the Board of Directors in accordance with the Brown Act, Government Code 54950 et seq., and shall apply at all meetings of the Board of Directors and Policy Committees.

Accessibility - The meeting facility is accessible to persons with disabilities. If assistive listening devices or other auxiliary aids or services are needed in order to participate in the public meeting, requests should be made through the Clerk of the Board at least three (3) business days prior to the Board meeting. The Clerk can be reached by phone at (909) 884-8276 or via email at clerkoftheboard@gosbcta.com and office is located at 1170 W. 3rd Street, 2nd Floor, San Bernardino, CA.

Agendas – All agendas are posted at www.gosbcta.com/board/meetings-agendas/ at least 72 hours in advance of the meeting. Staff reports related to agenda items may be reviewed online at that web address. Agendas are also posted at 1170 W. 3rd Street, 1st Floor, San Bernardino at least 72 hours in advance of the meeting.

Agenda Actions – Items listed on both the “Consent Calendar” and “Discussion” contain recommended actions. The Board of Directors will generally consider items in the order listed on the agenda. However, items may be considered in any order. New agenda items can be added and action taken as provided in the Ralph M. Brown Act Government Code Sec. 54954.2(b).

Closed Session Agenda Items – Consideration of closed session items excludes members of the public. These items include issues related to personnel, pending litigation, labor negotiations and real estate negotiations. Prior to each closed session, the President of the Board or Committee Chair (“President”) will announce the subject matter of the closed session. If reportable action is taken in closed session, the President shall report the action to the public at the conclusion of the closed session.

Public Testimony on an Item – Members of the public are afforded an opportunity to speak on any listed item, except Board agenda items that were previously considered at a Policy Committee meeting where there was an opportunity for public comment. Individuals in attendance at SBCTA who desire to speak on an item may complete and turn in a "Request to Speak" form, specifying each item an individual wishes to speak on. Individuals may also indicate their desire to speak on an agenda item when the President asks for public comment. When recognized by the President, speakers should be prepared to step forward and announce their name for the record. In the interest of facilitating the business of the Board, speakers are limited to three (3) minutes on each item. Additionally, a twelve (12) minute limitation is established for the total amount of time any one individual may address the Board at any one meeting. The President or a majority of the Board may establish a different time limit as appropriate, and parties to agenda items shall not be subject to the time limitations. Any individual who wishes to share written information with the Board may provide copies to the Clerk of the Board for distribution.. Information provided as public testimony is not read into the record by the Clerk.

Consent Calendar items can be pulled at Board member request and will be brought up individually at the specified time in the agenda. Any consent item that is pulled for discussion shall be treated as a discussion item, allowing further public comment on those items.

Agenda Times – The Board is concerned that discussion take place in a timely and efficient manner. Agendas may be prepared with estimated times for categorical areas and certain topics

to be discussed. These times may vary according to the length of presentation and amount of resulting discussion on agenda items.

Public Comment – At the end of the agenda, an opportunity is also provided for members of the public to speak on any subject within the Board's jurisdiction. Matters raised under "Public Comment" will not be acted upon at that meeting. See, "Public Testimony on an Item," above.

Disruptive or Prohibited Conduct – If any meeting of the Board is willfully disrupted by a person or by a group of persons so as to render the orderly conduct of the meeting impossible, the President may recess the meeting or order the person, group or groups of person willfully disrupting the meeting to leave the meeting or to be removed from the meeting. Disruptive or prohibited conduct includes without limitation addressing the Board without first being recognized, not addressing the subject before the Board, repetitiously addressing the same subject, failing to relinquish the podium when requested to do so, bringing into the meeting any type of object that could be used as a weapon, including without limitation sticks affixed to signs, or otherwise preventing the Board from conducting its meeting in an orderly manner.

Your cooperation is appreciated!

San Bernardino Smart County Early Action Plan

Monique Arellano
Council of Governments and Equity Programs Manager

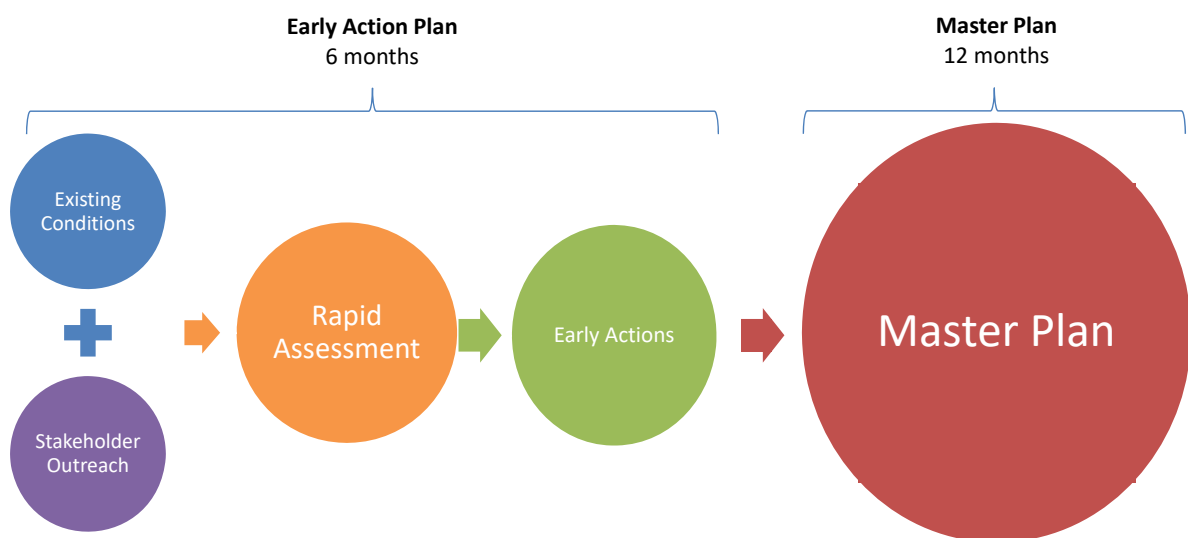

- Emerging Tech Ad Hoc
- Began January 2023
- Funded for \$1 Million by County of SB
- Includes Early Action Plan and Full Master Plan
- 18 Month Process
- Early Action Plan Available for Review

Project Background

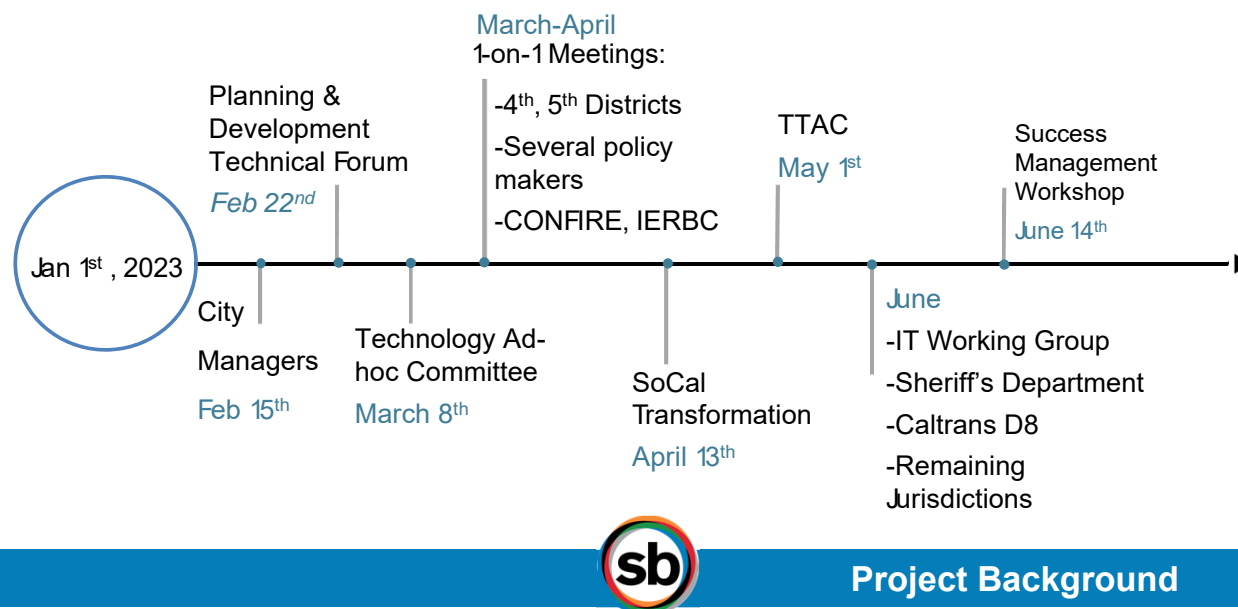

Emerging Tech Ad Hoc Committee

- Art Bishop, Apple Valley
- Curt Hagman, 4th District
- Acquanetta Warren, Fontana
- Dennis Michael, Rancho Cucamonga
- John Dutrey, Montclair
- Frank Navarro, Colton
- Helen Tran, San Bernardino

Project Background

Stakeholder Outreach

Stakeholder Feedback

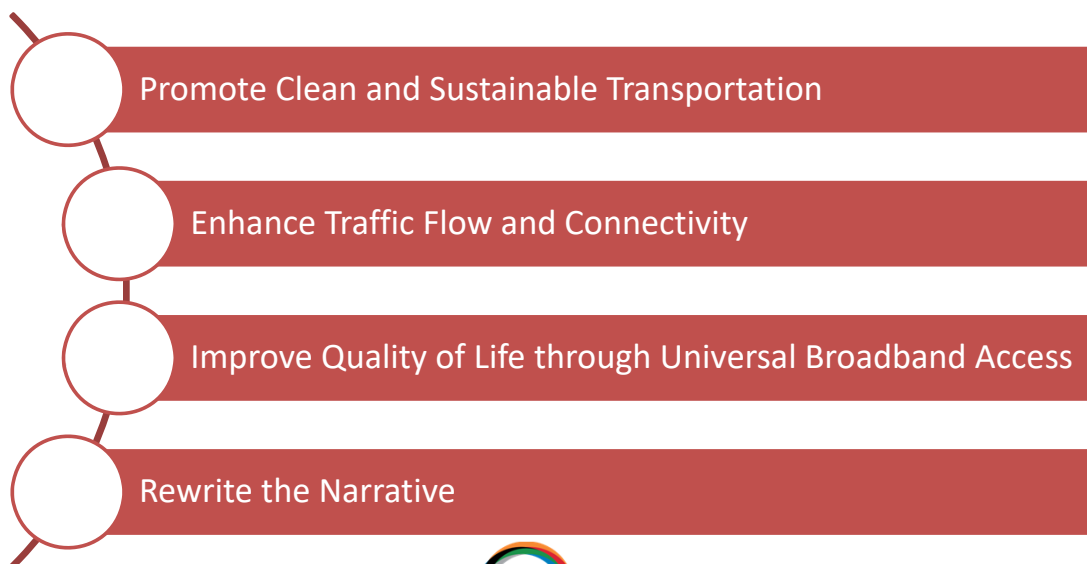

- **Equity/Connectivity**
 - **Equitable broadband access:** affordable and reliable high-speed internet access for all communities
 - **Focus on Disadvantaged and Underserved communities:** prioritize resources and initiatives to bridge the digital divide
- **Transportation**
 - **Traffic Signal Synchronization:** coordination with trucking schedules and across jurisdictions
 - **Traveler information:** providing consistent and real-time communications during disasters and adverse weather conditions across jurisdictions
 - **Data sharing across the region:** establishing secure and efficient mechanisms to share data
- **Public Safety**
 - **Homelessness and vandalism:** strategies to address homelessness and mitigate vandalism
 - **License Plate Readers (LPRs):** vehicle tracking, crime prevention and suspect identification
 - **CAD-to-CAD:** improve emergency response coordination
 - **Information sharing among agencies:** collaboration and data sharing between law enforcement, emergency services and public safety agencies

Stakeholder outreach was key to understanding existing agency operations, capabilities, and needs.

Goals of the Plan

Early Action Plan Proposed Projects

Project	Need	Description	Benefits	Challenges	Initial Sub-Region
Broadband and Last Mile Connections	Equity/ Connectivity	Build upon the State-Middle Mile Broadband initiative to bridge the gap with local networks	Equitable access to broadband for disadvantaged communities	<ul style="list-style-type: none"> Geographical/ topographical differences Stakeholder coordination 	<ul style="list-style-type: none"> High Desert Disadvantaged Communities of the Valley
Smart Corridor Pilots	Transportation/ Public Safety	Dynamic signal control and customized amenities for each corridor/subregion	Increased safety and transportation system reliability	<ul style="list-style-type: none"> Integration/interoperability Data management & privacy Variety of adoption needs 	<ul style="list-style-type: none"> West Valley East Valley Victor Valley
Smart Intersection / License Plate Reader	Transportation/ Public Safety	<ul style="list-style-type: none"> Customized amenities for each location Implementation of LPRs to analyze license plate information in real-time 	<ul style="list-style-type: none"> Increased safety and transportation system reliability Enhanced traffic management and crime prevention 	<ul style="list-style-type: none"> Data privacy/protection Variety of adoption needs Data management, privacy, and analysis 	Consider for all
CAD-to-CAD	Public Safety	Enable disparate systems to communicate with each other	Facilitate law enforcement/dispatch	<ul style="list-style-type: none"> Stakeholder coordination System integration User adoption 	Consider for all
ATIS and EMS	Public Safety	Integrate technology, including ATIS into EMS.	Enhance the efficiency of managing emergencies and improve traveler safety.	<ul style="list-style-type: none"> Data Sharing Coordination of multiple agencies 	Consider for all
Zero Emission Passenger Vehicles and Trucks	Transportation	Secure funding for charging and fueling infrastructure for zero-emission passenger vehicles	Existing condition is not sufficient to support the volume of electric vehicles anticipated.	<ul style="list-style-type: none"> Strategize with all jurisdictions, air districts, and vendors Identify priority sites 	Consider for all

Broadband and Last Mile Connections – East Valley (Grand Terrace)

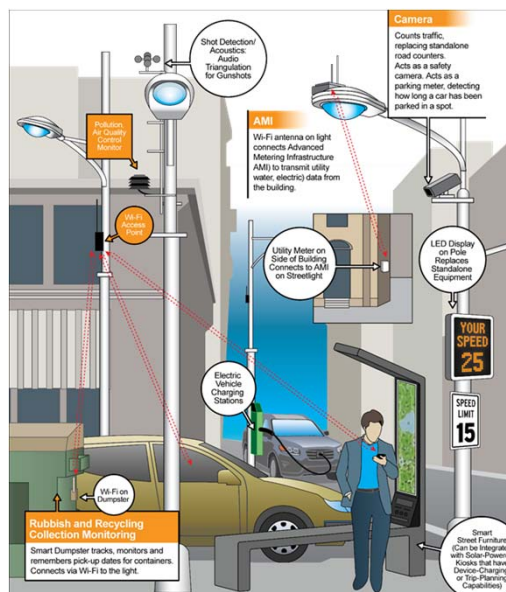

Broadband and Last Mile Connections – Low Desert

- Morongo Basin
 - Yucca Valley and Twentynine Palms

Smart Intersections

- ▶ Smart Intersections are the building blocks of a Smart County
- ▶ Beyond serving key functions like lighting and dynamic signal control across corridors, they provide the opportunity to bring in comms and layer on customized amenities for each corridor/region, including:
 - ▶ Public / Agency Wi-Fi
 - ▶ Weather / Air Quality Emissions Sensors
 - ▶ EV Charging
 - ▶ Speed Indicators
 - ▶ CCTV / Safety Systems / Vehicle Detectors
 - ▶ Smart Metering
 - ▶ Off-pavement Parking Management
 - ▶ Curb Management Sensor
 - ▶ Connected Vehicle RSU

Broadband and Last Mile Connections

California Advanced Services Fund Broadband Infrastructure Grant Account (\$150M annually)

- Annual Grant Proposal Deadline: June 1, 2023
- Up to 100% assistance – location and population criteria applies
- Applicants: Companies, Governments
- Eligible Areas: Unserved areas
- Eligible Costs: Infrastructure;
5 year leases and Upgrades for interconnection
- Administrative expenses capped at 15% of grant

CPUC Federal Funding Account (\$2B by 2027)

- Opens Summer 2023
- Location and population criteria applies
- Must be built by 2027
- Applicants/ Entities: Companies, Governments, & more
- Eligible Areas: Unserved Households and Businesses
- Eligible Costs: Infrastructure;
5 year leases and Upgrades for interconnection
- March 3, 2021 - December 31, 2024
- Administrative expenses capped at 2% of the grant
- Contingency max of 15% infrastructure

US Dept of Commerce - NTIA

- Digital Equity Act Programs (\$2.75B)
- Opens Late 2023/ Early 2024
- \$1.44 billion State Digital Equity Capacity Grant Program
- \$1.25 billion Digital Equity Competitive Grant Program
- Program Details TBD

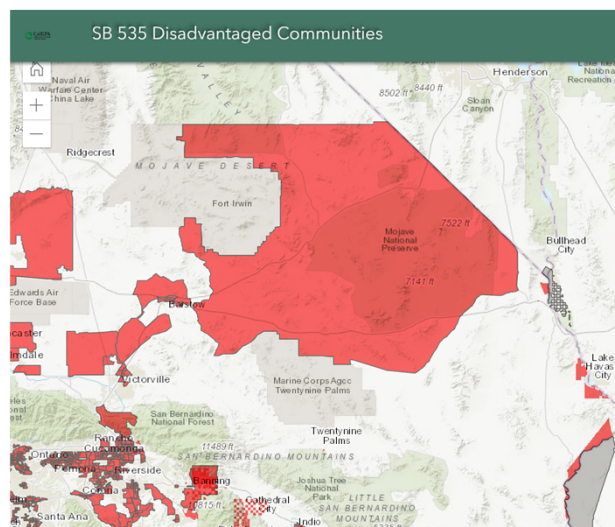

Additional Grant Opportunities

CARB

California Climate Investments

- Many potential programs within the investments
- Billions in Clean Transportation funding
- Reducing greenhouse gas (GHG) emissions, strengthening the economy, improving public health and the environment
- Providing meaningful benefits to the most disadvantaged communities, low-income communities, and low-income households. (mapped on Slide 19)
- Website: [Low Carbon Transportation Investments and AQIP Grant Solicitations](#)

*Source: [SB 535 Disadvantaged Communities \(2022 Update\)](#) – CalEPA

Additional Grant Opportunities

FHWA

Advanced Transportation Technologies and Innovation (ATTAIN) Program

- Opens Late 2023 / Early 2024
- Max Award: \$12,000,000
- Cost share: 20%
- Eligible Applicants: Governments
- Provides funding to deploy, install, and operate advanced transportation technologies

FHWA

Strengthening Mobility and Revolutionizing Transportation (SMART) Grants

- Opens Fall 2023
- 2 stages:
 - Stage 1 Planning and Prototyping Grants up to \$2,000,000
 - Stage 2 Implementation Grants up to \$15,000,000
- Eligible Applicants: Governments
- Demonstration projects for advanced smart city technologies for efficiency and safety.

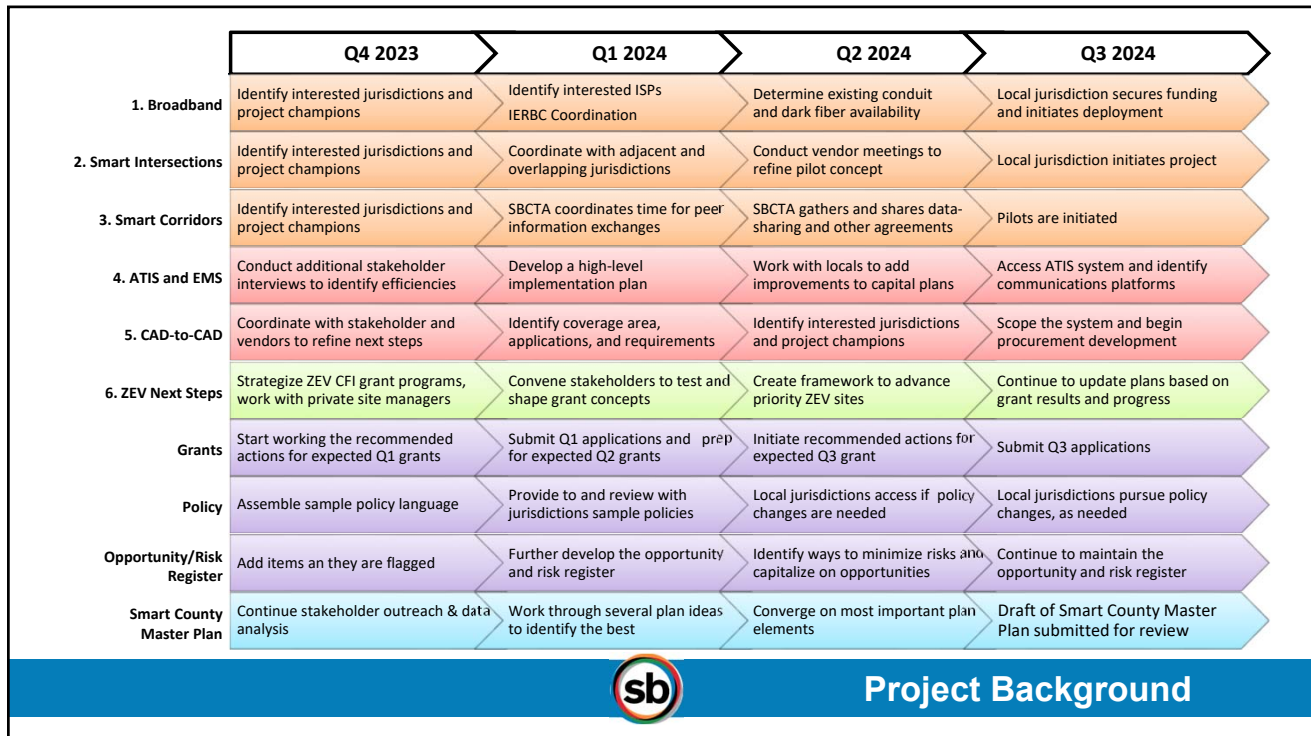

Policy Recommendations

Policy	Description
Dig Once	Take advantage of all projects and dig once by adding empty conduit or conduit with dark fiber for future use. If working at the edge of a jurisdiction – work with them to coordinate any work that might be on their roadmap.
Maximize Purchase Authority	Ensure procurement policies allow to maximize purchasing power by partnering with local agencies and/or county for purchases.
Remain Open to Unmanned Aircraft	While the FAA regulates airspace, local agencies control land use policies. Consider a review of all state laws including state parks and local policies and ordinances within the county. Keeping open policies, regulations and ordinances for unmanned aircraft can open up research and economic development opportunities. Restrictive regulations can send a negative message to businesses.

S	W	O	T
<p>Land Availability: Potential for future development</p> <p>Economic Growth: Continued economic development showing positive growth trends</p> <p>Skilled Workforce: Availability of a strong and skilled workforce</p> <p>Relative Affordability: More accessible due to lower costs</p> <p>Job Opportunities: Variety of opportunities across income scales</p> <p>Housing Diversity: Various types catering to different demographic segments</p> <p>Resilient Community: Demonstrated resiliency, ability to bounce back from challenges</p> <p>Strong Partnerships: Established relationships and partnerships that foster collaboration</p> <p>Political Vision: Clear political vision guiding the community</p> <p>Quality Living: High standards of life, making it a desirable place to live</p> <p>Committed Leadership: Dedicated to progress and community enhancement</p>	<p>Geographical Barriers: Vast geographical expanse increases the cost of implementing developments and services</p> <p>Infrastructure: Needs modernization and improvement</p> <p>Power Accessibility: Difficulty in sourcing electricity for new developments including residential and industrial projects</p> <p>Resource Constraints: Large geographic size imposes constraints on resources, making efficient allocation and management challenging</p> <p>Safety Perception: Negative external views regarding community safety</p> <p>Job Deficiency: Shortage of high-paying jobs, which can impact economic mobility and income distribution</p> <p>Homelessness: 30% of SBD County homeless are located in SBD City</p> <p>Unfavorable PR: County not being publicized properly</p> <p>Economic Dominance: Proximity to and in competition with an economically dominant region to the west (Los Angeles and coastal regions)</p>	<p>Population Growth: More people moving to region</p> <p>Sustainable Logistics: Opportunity to clean up transport sector</p> <p>Aligned Leadership: Local leaders aligned on priorities</p> <p>Workforce: Young average age, 7 educational institutions, good trade training</p> <p>Grant Application Support: Assistance required in grant applications, along with the need for a strategic plan featuring shelf-ready projects for effective application</p> <p>Equal Opportunity Access: A need to ensure that all areas, including less developed and remote regions, have equal access to opportunities similar to more prosperous regions</p> <p>Federal Funding: Unprecedented levels due to IIJA</p> <p>Other funding: Need shovel-ready projects to get additional grants</p>	<p>Educational Attainment: 80% high school graduation rate, 58% of graduates attend college w/in 12 months – both lower than state averages</p> <p>Density of Warehousing: Limits other / future opportunities; community concerns over expansion</p> <p>State Priorities: Not always consistent with local needs</p>
