Construction (Public Works) as defined by Public Contract Code (PCC) § 22002, means construction, reconstruction, erection, alteration, renovation, demolition, painting, and repair work

Independent Cost Estimates (ICE) means the best 'estimate' as to the cost of the Goods, services or construction work being procured. The method and degree of analysis is dependent on the complexity of the Goods, services or construction work being procured. An ICE should be prepared in advance of the receipt of any bids or proposals, amendments or Change Orders. The United States Department of Transportation, Federal Highways Administration and Federal Transit Administration require recipients of federal dollars to "perform a cost or price analysis in connection with every procurement action, including contract modifications..." The starting point for cost or price analysis is the development of an ICE which should be used in the evaluation of the consultant's or contractor's price proposal.

Invitation for Bids (IFB) means a competitive procurement process that requires the award be made to the lowest responsive responsible bidder whose bid conforms to all the material terms and conditions of the IFB.

Invitation for Quotes (IFQ) means a competitive procurement process which the award of a contract or purchase order will be to the lowest responsive responsible bidder whose bid conforms to SBCTA's requirements or is most advantageous to the agency based on price and other factors considered.

Non-Procurement Agreement refers to an agreement other than those utilized to acquire Goods, Services, and Construction work, which includes but is not limited to, a cooperative agreement, memorandum of understanding, and revenue/funding agreement.

Non-Professional Services means janitorial, maintenance, security, advertising, printing, postal, landscape maintenance, including mowing, weeding, watering, trimming/pruning, planting, and servicing of irrigation and sprinkler systems, the maintaining or servicing of Goods, and other services that are not deemed a professional service.

Procurement Professional means procurement staff responsible for overseeing the Procurement Solicitation.

Procurement Solicitation means Invitation for Bids (IFB), Request for Proposals (RFP), Request for Qualifications (RFQ), Invitation for Quotes (IFQ), or other forms of written or verbal solicitations for the procurement of Goods, Non-Professional and Professional Services, and Construction work.

Professional Services (A & E) means architectural, engineering, environmental, land surveying, construction engineering, construction project management services, or other professional services of an architectural or engineering nature that are required to be performed or approved by a person licensed, registered, or certified to provide such services.

Professional Services (Non A & E) means advisory, information technology, legal, financial, accounting, auditing, legislative advocacy, marketing, freeway service patrol, program management, and any other services which involve the exercise of professional discretion and independent judgment based on advanced or specialized knowledge, expertise or training gained by formal studies or experience, but excludes Professional Services (A & E).

Purchase Order (PO) is a written authorization issued by a buyer committing to pay the seller for the sale of specific Goods or services to be delivered in the future.

Receivable means any agreement by in which the agency expects to receive monetary or in-kind value.

Request for Information (RFI) means a solicitation used to obtain general information about products, services, or suppliers.

Request for Proposal/Request for Qualifications (RFP/RFQ) means a competitive procurement process that requires evaluation of a consultant's proposal and qualifications.

Split Procurement means a willful splitting of a single transaction into a series of transactions for the purpose of evading the applicable procurement requirements.

B. Standard Requirements

1. Concurrence. All Contracts shall be reviewed by the Procurement Manager prior to approval by the Board or the Executive Director. The Procurement Manager's concurrence ensures the procurement process was completed in accordance with SBCTA policies and procedures, and applicable State and/or Federal contracting laws
2. Consultant Selection. When procuring a consulting firm for architectural and engineering services utilizing federal funds through Caltrans, SBCTA will advertise, award and administer the project in accordance with Caltrans current Local Assistance Procedures per 23 CFR part 172 unless otherwise stated in the executed Caltrans project-specific Program Supplement.
3. Contract Provisions. All Contracts shall specify a period of performance, description of the function to be performed, total contract amount, and appropriate performance standards.
4. Contract Term. Unless otherwise authorized by the Board, the maximum term for Contracts or Purchase Orders shall be five years, with the following exceptions: (1) Contracts or Purchase Orders for software related maintenance and support services can have a period of up to 10 years; (2) Contracts or Purchase Orders for software agreements, including but not limited to, licenses and subscriptions may be for any period of time, including perpetual.
5. Federal/State Requirements. When utilizing state and federal funds which require more rigorous or different procurement standards than required by this policy, such standards will apply. SBCTA is responsible for ensuring that such standards, including those set out in 2 CFR part 200 and 2 CFR part 1201, are met and are included in appropriate Contracts.
6. Independent Cost Estimate (ICE). Except for purchases under \$1,000, an ICE is required for every procurement action.

V. TYPES OF PROCUREMENTS

A. Goods – Competitive Procurement

1. Informal Procurement (PUC § 130232(b))

The following procedures will generally be used when each expected procurement for Goods is valued in excess of \$1,000, but not exceeding \$25,000:

- a. Whenever possible, informal procurements should be based on the solicitation of at least three (3) bids, either written or oral, that permit prices and terms to be compared.
- b. An IFQ or letters may be required if the Goods being requested require more detailed bids. IFQ or letters will be issued to a limited number of prospective bidders.
- c. Award of a Purchase Order or Contract will be to the lowest responsive responsible bidder whose bid conforms to SBCTA's requirements or is most advantageous to the agency based on price and other factors considered.
- d. SBCTA will document the results of all such informal procurement actions.

2. Formal Procurement (PUC § 130232(a))

The following applies to procurements valued in excess of \$25,000:

- a. An Invitation for Bids (IFB) will be distributed and a notice inviting bids will be published at least once in a newspaper of general circulation or the equivalent. The publication shall be made at least 10 days before the date for the receipt of the bids. The competitive sealed bid method will be used.
- b. A control record will be maintained as the IFB is distributed, indicating the date, time, and/or place of distribution or notice. The record shall contain the names and addresses of offerors receiving the IFB and details regarding the publication of the notice of IFB. The control record shall be used as a mailing or distribution list for the issuance of notices relative to the IFB and as a verification record in the case of vendor protests.
- c. Award of a Contract or Purchase Order shall be made to the lowest responsive responsible bidder whose bid conforms to all the material terms and conditions of the IFB.
- d. The Board, at its discretion, may reject any and all bids and readvertise.

3. Amendments:

Contracts and Purchase Orders may be amended to add quantities, increase compensation, and/or extend the delivery period for Goods that were listed in the original competitive procurement process, provided the proposed amendment complies with one or more of the following circumstances.

- a. Cumulatively, any additional quantity does not exceed 25% of the quantity listed in the original competitive procurement process; or
- b. An ICE prepared in advance of the proposed amendment demonstrates it would be more cost effective to amend the Contract or Purchase Order to add quantities than procuring the additional quantities under a separate procurement process.

B. Construction – Competitive Procurement

1. Informal Procurement

The following generally applies to Construction procurements valued at \$25,000 or less:

- a. Whenever possible, informal procurements should be based on the solicitation of at least three (3) bids.
- b. An Invitation for Quotes (IFQ) will be issued to a limited number of prospective bidders.
- c. Award of a Contract will be to the lowest responsive responsible bidder whose bid conforms to the SBCTA's requirements.
- d. SBCTA will document results of all such informal procurement actions.

2. Formal Procurement

The following applies to Construction procurements in excess of \$25,000. (PUC § 130232)

- a. An Invitation for Bids (IFB) will be distributed and a notice inviting bids will be published at least once in a newspaper of general circulation or the equivalent. The publication shall be made at least 10 days before the date for the receipt of the bids. The competitive sealed bid method will be used.
- b. A control record will be maintained as the IFB is distributed indicating the date, time, and/or place of distribution or notice. The record shall contain the names and addresses of offerors receiving the IFB and details regarding the publication of the notice of IFB. The control record shall be used as a mailing or distribution list for the issuance of notices relative to the IFB and as a verification record in the case of vendor protests.
- c. Award of a Construction Contract shall be made to the lowest responsive responsible bidder whose bid conforms to all the material terms and conditions of the IFB.
- d. Award of a Construction Contract may proceed directly to the Board without prior review or recommendation by a Board Committee if the Contract award recommended is to the lowest responsive responsible bidder.
- e. The Board, at its discretion, may reject any and all bids and re-advertise.

3. Amendments

Contracts may be amended to extend the term, increase the not-to-exceed amount of the contract, or as otherwise needed.

C. Professional Services (A & E) – Qualifications Based Procurement

1. Informal Procurement

The following generally applies to Professional Services (A & E) procurements valued at \$25,000 or less:

- a. An Invitation for Quotes (IFQ) will be issued to a limited number of prospective proposers.
- b. Whenever possible, informal procurements should be based on the solicitation of at least three (3) proposals.
- c. Award of a Contract will be made to the consultant whose proposal conforms to the requirements of the IFQ and is most advantageous to the agency based on price and other factors considered.
- d. SBCTA will document results of all such informal procurement actions.

2. Formal Procurement

The following applies to Professional Services (A & E) procurements valued at more than \$25,000:

- a. The Request for Proposal (RFP)/Request for Qualifications (RFQ) process will be used to solicit proposals.

- b. These Contracts shall be awarded based upon demonstrated competence and professional qualifications and capabilities necessary to perform the services at a fair and reasonable price. This procurement process does not require award to the lowest cost proposer.
- c. Staff will maintain a control record as RFP packets are distributed indicating the date and time of distribution. The record shall contain the names and addresses of consultants receiving the RFP and attendance at pre-proposal conferences, if any.
- d. Pre-proposal conferences will be held, when appropriate, to discuss the basic requirements such as instructions to the consultants, funding, Contract type, evaluation criteria, and specific points that should be addressed in each proposal.
- e. Special consideration is required in the instances of a formal competitive process resulting in only one response. In those instances, SBCTA staff shall evaluate factors relative to the competitive process, including adequacy of notification to qualified competitors, requirements of the RFQ/RFP, the amount of time provided to respond to the RFQ/RFP, adequacy of the one proposal received, and urgency. After such an analysis, the Executive Director shall make a recommendation to either accept or reject the proposal. Each circumstance will require consideration of facts relevant to the specific solicitation and work to be performed.

3. Amendments:

- a. The Board or the Executive Director may periodically approve amendments to professional and technical services consulting Contracts contingent upon consultant performance and negotiation. Amendments may address all Contract components, but typically relate to increased cost, the period of performance to accomplish the project, or adjustments to the scope of work.
- b. Amendments to increase the cost and/or period of performance of an established scope of work are approved as a matter of prudence and necessity. These result from increased difficulty or range of work effort to accomplish the defined scope. Examples requiring such amendments include actions in response to review comments, the imposition of new state or federal regulations, various design complications, and other factors generally beyond the consultant's control and not anticipated during the initial cost proposal.
- c. In those instances where it has been determined that professional services are required beyond the term of the existing Contract, the standard practice shall be for the Contract to be reviewed prior to the end of the contracted performance period and assessed relative to (1) the scope and continued need for the function performed, (2) the adequacy of performance under the Contract, and (3) other terms and conditions of the Contract.
- d. Unless otherwise disallowed, it may be prudent for staff to recommend in favor of Contract amendments in the following instances, after staff analyzes each Contract based upon the specific project needs and includes justification for such recommendation in the report to the Board or Executive Director:
 - i. When the amendments are the result of an increase in the scope of work for the same project, wherein the qualifications and experience required to perform the additional tasks were clearly examined as part of the prior competitive process.
 - ii. When, on the basis of a specific finding or competitive process prior to approval of the original Contract, the consultant was determined to be the most qualified and responsive to undertake the work addressed by the Contract amendment.
 - iii. Where the consultant, based upon findings presented to the Board, is found to be preeminently positioned to perform the work due to its: (1) specific qualifications, (2) unique knowledge of the project, or (3) unique knowledge of the work required.

D. Non A & E Services (Non A & E Professional Services and Non-Professional Services) – Qualifications Based Procurement

1. Informal Procurement

- a. The provisions of Section V.C.1 for the Informal Procurement for A & E Professional Services Contracts generally apply to Non A & E Professional Services procurements.
 - b. The provisions of Section V.A.1 for the Informal Procurement for Goods generally apply to Non-Professional Services procurements.
2. Formal Consultant Selection Process
- The provisions of Section V.C.2 for the Formal Procurement for A & E Professional Services Contracts generally apply to Non A & E Services procurements. Award of a Contract will be made to the consultant whose proposal conforms to the requirements of the RFP and is most advantageous to the agency based on qualifications, price and other factors considered.
3. Amendments
- a. The Board or the Executive Director may periodically approve amendments to Non-A & E Professional and Non-Professional Services Contracts contingent upon consultant performance and negotiation. Amendments may address all Contract components, but typically relate to increased cost, the period of performance to accomplish the project, or adjustments to the scope of work.
 - b. Amendments to increase the cost and/or period of performance of an established scope of work are approved as a matter of prudence and necessity. These result from increased difficulty or range of work effort to accomplish the defined scope.
 - c. In those instances where it has been determined that Non A & E Professional Services or Non-Professional Services are required beyond the term of the existing Contract, the standard practice shall be for the Contract to be reviewed prior to the end of the contracted performance period and assessed relative to (1) the scope and continued need for the function performed, (2) the adequacy of performance under the Contract, and (3) other terms and conditions of the Contract.
 - d. It may be prudent for staff to recommend in favor of Contract amendments in the following instances, after staff analyzes each Contract based upon the specific project needs and include justification for such recommendation in the report to the Board or Executive Director:
 - i. When the amendments are the result of an increase in the scope of work for the same project, wherein the qualifications and experience required to perform the additional tasks were clearly examined as part of the prior competitive process.
 - ii. When, on the basis of a specific finding or competitive process prior to approval of the original Contract, the consultant was determined to be the most qualified and responsive to undertake the work addressed by the Contract amendment.
 - iii. Where the consultant, based upon findings presented to the Board, is found to be preeminently positioned to perform the work due to its: (1) specific qualifications, (2) unique knowledge of the project, or (3) unique knowledge of the work required.

VI. EXCEPTIONS

A. Non-Competitive Procurements

Any recommendation for approval of a Contract or Purchase Order for which a competitive process has not been completed shall contain justification for the lack of competition based on the following standards, and any Contracts or Purchase Orders exceeding the Executive Director's authority must be presented to the Board for approval, specifically calling out the Non-Competitive finding, and shall be placed on the discussion calendar.

1. Competitive processes are not required for purchases of Goods and services under \$1,000, but the prices shall be reasonable. No ICE is required. Selection should be based on quality and cost. To the extent practicable, purchases must be distributed equitably among qualified suppliers or vendors.

2. Services – Sole Source

- a. In those instances when it may be necessary or prudent to enter into sole source Contracts or Purchase Orders, specific approval shall be required.
- b. All sole source Contracts or Purchase Orders shall be governed by the following guidelines:
 - i. Sole source Contracts or Purchase Orders may be recommended for approval upon a finding of appropriateness and that it is in the best interest of the agency to do so.
 - a. Contracts or Purchase Orders may be recommended for approval on a sole source selection based upon a requirement for unique qualifications, the existence of significant time constraints, substantial duplication costs, and/or in certain instances of demonstrated experience.
 - b. After solicitation of a number of sources, the competition is determined inadequate.

3. Goods – Single Source

Pursuant to Public Utilities Code § 130237, the Board may direct the purchase of any Goods without engaging in a competitive procurement process upon a finding by two-thirds (2/3) of all Board members that there is only a single source of procurement and the purchase is for the sole purpose of duplicating or replacing the supply, equipment, or material already in use.

4. Uniformity Exemption for technology related procurements

For non-federalized purchases, the competitive process shall not apply to purchases of software licenses/subscriptions and maintenance support services that are required to maintain compatibility, functionality, or conformity with existing designs, products, equipment, facilities, systems, software, technologies, standardizations, proprietary product and the like (i.e., an article of a specified brand or trade name is the only article that will properly meet the needs of SBCTA), or to maintain current warranties, or are the “only authorized distributor”. All federalized technology purchases shall be in compliance with requirements stipulated by the associated funding source.

B. Cooperative Procurements (piggybacking)

SBCTA may contract with the vendor or supplier of any federal, state or local governmental department or agency (Public Agency) that has selected the vendor or supplier after complying with the Public Agency’s competitive procurement requirements, and if it is in the best interest of SBCTA to do so. SBCTA’s Procurement Manager will determine whether the purchase of Goods and services directly from the vendor or supplier of a Public Agency is in the best interest of SBCTA based upon price, quality and whether the terms and conditions of the cooperative procurement Contract meet SBCTA’s procurement policy.

C. Emergency Procurements (PUC § 130234)

In the event of great public calamity, as defined by Public Utilities Code § 130234, the Board may declare and determine, by resolution adopted by two-thirds (2/3) vote of all its members, that public interest and necessity demand the immediate expenditure of funds to safeguard life, health, or property, and enter into a Contract without observance of the provisions of this policy and/or Public Utilities Code § 130232.

D. Remedial Measures (PUC § 130235)

Upon determining that immediate remedial measures are necessary to avert or alleviate damage to property, or to replace, repair, or restore damaged/destroyed property in order to ensure that SBCTA’s facilities are available to serve the transportation needs of the public, and upon determining that available remedial measures are inadequate, including the procurement of Goods and services or construction in accordance with Public Utilities Code §§ 130232-130234, the Executive Director may authorize the expenditure of funds for the procurement of Goods and services without observance of the provisions of this policy and/or Public Utilities Code §§ 130232-130234. The

Executive Director shall submit a report to the Board explaining the necessity of any such expenditure.

E. Prototype Equipment (PUC § 130236)

Upon a finding by two-thirds (2/3) vote by all members of the Board that a proposed competitive bid or open market purchase, in accordance with Public Utilities Code §§ 130232 and 130233, does not constitute an adequate method of procurement for the operation of SBCTA facilities or equipment, the Board may direct the procurement of prototype equipment or modifications in an amount sufficient to conduct and evaluate operational testing without further observance of the provisions of this policy and/or Public Utilities Code § 130232.

F. Specialized Equipment (PUC § 130238)

The Board may, upon a finding by two-thirds (2/3) vote by all its members, direct that the procurement of (1) specialized rail transit equipment, including rail cars, and (2) computers, telecommunications equipment, fare collections equipment, microwave equipment, and other related electronic equipment and apparatus be conducted through competitive negotiation as set forth in Public Utilities Code § 130238.

G. Open Market (PUC § 130233)

If after rejecting bids received from a formal competitive procurement process, the Board determines by a majority vote that the Goods may be purchased at a lower price in the open market, the procurement of such Goods or services may proceed without further observance of the provisions of this policy regarding Contracts, bids, advertisement, or notice.

H. Design-Build

Procurements may be authorized by the Board, pursuant to the Public Contract Code § 6820 et seq., Public Contract Code § 222160 et seq., or other applicable law, for the design and construction of eligible projects through design-build Contracts. Such procurements shall be performed in accordance with applicable state and federal laws.

I. Utilities Services

The provisions of this policy are not required for procuring utility services including but not limited to water, sewer, electricity, natural gas, waste disposal, and telecommunications (telephone and internet).

J. Venues

The provisions of this policy are not required for the selection of venues for SBCTA's events. Venues are selected based on location, size, and other specific needs as required depending on the event.

VII. PURCHASE ORDERS

Issuance of Purchase Orders shall follow the competitive and non-competitive processes set forth in this Policy, but do not require legal counsel approval as to form or written concurrence of the Procurement Manager. Purchase Orders are authorized for the following purposes only:

- A. Purchase of Goods
- B. Purchase of Services under \$10,000, when the risks to SBCTA are considered low, in the discretion of the Procurement Manager and the Risk Manager.
- C. Software license and related maintenance and support agreements, unless software customization is required.
