

**San Bernardino Council of Governments
Grant Opportunities and Forecast
November 8, 2023**

(NEW! is noted for grants added in the past 14 days)

Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The “Success Rate” for each opportunity (if known) is indicated in blue in the “Notes” column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished “in-house” with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

Table 3 includes a list of grants that are on the horizon, but NOFAs have not been released. Success rates, links to past awards, and anticipated level of difficulty are not listed in Table 3.

**TABLE 1
Grant Opportunities**

Deadline	Name of Grant	Grant Number*	Page Number
11/17/23	Innovative Water Infrastructure Workforce Development Grant Program	24	21
11/29/23	California Home Visiting Program State General Fund Innovation 2.0 Request for Supplemental Information	29	24
11/29/23	Pet Lover's License Plate Program	32	26
12/01/23	Explore the River	35	27
12/28/23	National Housing Trust Fund (NHTF) Program	50	35
12/31/23	Extended Water and Wastewater Arrearage Program	53	37
01/10/24	Wildfire Prevention Grants	55	38

69	02/13/24 Full application 08/21/23 LOI Coastal Resiliency	<p>Climate Resilience Regional Challenge. For projects that build the resilience of coastal communities to extreme weather (e.g., hurricanes and storm surge) and other impacts of climate change, including sea level rise and drought. The focus of this grant program is on collaborative approaches to achieving resilience in coastal regions. Proposed projects should address risk reduction, regional collaboration, and equity, and build enduring capacity for adaptation. There are two parallel but separate funding tracks.</p> <ul style="list-style-type: none"> • Track One - Regional Collaborative Building and Strategy Development: Funding can be used to initiate new, regional-scale collaborations or to advance existing partnerships focused on climate resilience. The goal of Track One is to collectively move more coastal communities closer to taking action, especially those that are marginalized, underserved, or underrepresented. • Track Two - Implementation of Resilience and Adaptation Actions: Reducing risk and vulnerability requires action. This track provides funding for applicants to implement coordinated adaptation efforts that support a holistic vision for resilience and build the capacity of the communities in a region to sustain efforts into the future, especially those communities that are marginalized, underserved, and underrepresented. 	National Oceanic and Atmospheric Administration	Federal	Track One: \$500,000 to \$2 million Track Two: \$15 million to \$75 million	Not required	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Complex
