

**San Bernardino Council of Governments
Grant Opportunities and Forecast
March 27, 2024**

(NEW! is noted for grants added in the past 14 days)

Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The “Success Rate” for each opportunity (if known) is indicated in blue in the “Notes” column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

| Key: Level of Difficulty (LOD) | |
|--------------------------------|--|
| Simple | A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished “in-house” with minimal effort/allocation of internal resources. |
| Medium | A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application). |
| Complex | A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning. |

Table 3 includes a list of grants that are on the horizon, but NOFAs have not been released. Success rates, links to past awards, and anticipated level of difficulty are not listed in Table 3.

**TABLE 1
Grant Opportunities**

| Deadline | Name of Grant | Grant Number* | Page Number |

| 3 | 04/01/24 Highway – Rail Crossings | Section 190 Grade Separation Program. To improve safety and expedite the movement of vehicles by eliminating highway-rail crossing at grade with a grade separation. Grade separation means a structure which separates the vehicle roadway from the railroad tracks. The grade separation project can include the grade separation and all approaches, ramps, connections, drainage, and other construction items required to make the grade separation operable and to affect the separation the vehicle roadway from the railway tracks. Grade separation projects may also include provisions for separations of non-motorized traffic from vehicular roadway and the railroad tracks. | CA Department of Transportation (Caltrans) | Federal via State | \$5 million | 20% | Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Complex |
| 4 | 04/01/23 Full application 02/01/24 LOI (optional) Pollution Reduction | Climate Pollution Reduction Grants Program (CPRG): Implementation Grants General Competition. To implement GHG reduction programs, policies, projects, and measures identified in a Priority Climate Action Plans (PCAP) developed under a CPRG planning grant. Successful applications for this program must focus on the implementation of PCAPs for states, MSAs, tribes, and territories to reduce climate pollution through GHG reduction measures. The State’s plan is under the jurisdiction of California Air Resources Board (CARB). | U.S. Environmental Protection Agency | Federal | \$2 million to \$500 million in the following 5 tiers: Tier A: \$200,000,000 – \$500,000,000 Tier B: \$100,000,000 – \$199,999,999 Tier C: \$50,000,000 - \$99,999,999 | Not required | Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Complex |
