

Notice for June 17 through June 30, 2024

Construction of the I-10 Express Lanes is 95% complete. Crews continue to work throughout the ten-mile corridor on installing barriers, reconstruction of bridges, retaining walls, sound walls, utility relocation, and pavement rehabilitation. Traffic patterns may change as lane configurations are reconstructed. Work in the City of Montclair will generally occur Monday through Friday during daytime (6:00 a.m. to 4:00 p.m.) and nighttime (9:00 p.m. to 5:00 a.m.) hours, except as noted below. Please remember, all construction is dynamic and the schedule is subject to change.

For the most up-to-date closures and detours, please visit the project's [Google Map by clicking HERE](#).

Bridge Demolition and Construction:

Work continues on the remaining bridges that are being replaced, widened, or improved to accommodate the widening of the freeway. Work on the bridges may be loud and you may feel vibration at times during both daytime and nighttime hours. You will see bright lights and hear equipment including excavators, backhoes, loaders, and dump trucks. Upcoming bridge activities in Montclair include:

Anticipated completion in summer 2024:

- **San Antonio Creek Channel:** The I-10 over San Antonio Creek is being widened.
- **Monte Vista Avenue:** The widening of the I-10 over Monte Vista Avenue is complete. Crews continue to relocate utilities on Monte Vista Avenue under the I-10. The street may be reduced to one lane in each direction during daytime hours and may be closed nightly from 9:00 p.m. to 5:00 a.m., Monday through Saturday.

Reconstruction is complete on several bridges. At some locations crews continue to work on sidewalks, approach slabs, barriers, paving, and decorative work. Completed bridges in Montclair include:

- I-10 over San Antonio Wash
- I-10 over Monte Vista Avenue
- I-10 over Central Avenue
- I-10 over Benson Avenue

Local Street Closures:

Crews are relocating utilities and completing curb, gutter, sidewalk construction on several local streets adjacent to the I-10; at times this work may be loud and you may feel vibration. One side of the sidewalk will always remain open.

Nighttime street closures (detour routes will be posted); businesses will remain accessible:

- Monte Vista Avenue: Northbound/southbound road intermittently closed under I-10
- Palo Verde Street: Westbound street closed nightly from Central Avenue to Monte Vista Avenue

Ramp Closures

Intermittent nighttime eastbound and westbound I-10 on- and off-ramp and ramp lane closures will occur throughout the project corridor. Detour routes are posted.

- Monte Vista Avenue and Central Avenue

ABOUT THE PROJECT: Phase 1 of SB Express Lanes is located in the southwestern portion of San Bernardino County east of Los Angeles County between the Los Angeles/San Bernardino County line and I-15. The project includes two express lanes in each direction to offer trip reliability and ease congestion. In addition, lanes to assist drivers getting on and off the freeway (auxiliary lanes) will be constructed in selected locations. West of Haven Avenue, a single new lane will be constructed and combined with the existing HOV lane to provide two express lanes in each direction. The HOV lane will still be available to motorists, but will increase from 2+ to 3+. East of Haven Avenue, two express lanes will be constructed.
