

**San Bernardino Council of Governments
Grant Opportunities and Forecast
April 9, 2025**

(NEW! is noted for grants added in the past 14 days)

Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The “Success Rate” for each opportunity (if known) is indicated in **blue** in the “Notes” column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished “in-house” with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

TABLE 1 New Grant Opportunities			
Deadline	Name of Grant	Grant Number*	Page Number
05/05/25	Volunteer Fire Capacity Grant	9	14
05/28/25	Affordable Housing and Sustainable Communities	14	22
05/29/25	Hazard Mitigation Grant Program	15	23
06/05/25	Arts and Youth Grant	17	25
06/05/25	General Operating Support Grant	18	26
06/26/25	Safe Streets and Roads for All (SS4A)	20	27
07/01/25	Carl Moyer Program (CMP)	21	28
07/11/25	Depot Charging and Hydrogen Refueling Infrastructure for Zero-Emission Medium- and Heavy-Duty On-Road, Off-Road, and Specialty Vehicles	23	30

*By selecting the Grant Number in Table 1, you will be navigated directly to that grant opportunity in Table 2.

**Red comments that appear in Table 3 reflect the current grant status due to ongoing agency reviews, which are aligning with the new federal administration's Executive Orders.

19	PAUSED: Deadline #4 07/08/25 Water	WaterSMART Small Scale Water Efficiency Projects. Funds projects such as installation of flow measurement, automation in a specific part of a water delivery system, the lining of a section of a canal to address seepage, or other similar projects limited in scope.	U.S. Bureau of Reclamation	Federal	\$125,000	50%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium
20	PAUSED: Ongoing Brownfields	Targeted Brownfields Assessment (TBA) Technical Assistance Program. To conduct Phase I Environmental Site Assessment (ESA) and/or Phase II ESA which documents environmental conditions at a property under consideration for redevelopment. The TBA can also be used to evaluate various cleanup alternatives, costs, and reuse planning. EPA's environmental consultants will conduct the TBA. Communities participating in a TBA will receive a written report detailing the findings of Phase I or Phase II ESA. The reports are intended to help meet due diligence requirements of real estate transfer, and to identify environmental impediments to redevelopment.
