

**San Bernardino Council of Governments
Grant Opportunities and Forecast
November 19, 2025**

*(**NEW!** is noted for grants added in the past 14 days)*

Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The “Success Rate” for each opportunity (if known) is indicated in **blue** in the “Notes” column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished “in-house” with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

TABLE 1 New Grant Opportunities			
Deadline	Name of Grant	Grant Number*	Page Number
12/08/25	Employment and Training Pathways Program (ETPP)	6	9
12/19/25	Floating Restrooms Grant	10	13

3	12/03/25 Pre-application 01/16/25 Full application 11/05/25 Notice of Intent Economic Development Workforce Development	California Regional Investment Initiative – Implementation Round 2. Implementation Phase is designed as a two-phase competition to (1) select regional coalitions and their project clusters that advance sector growth in one or more regions and (2) invest in highly competitive individual projects from within the cluster. Interested applicants should form regional/cross-regional coalitions, in coordination with private sector and other partners, that share a common vision for how Implementation funds could begin to scale growth of the identified sector in the region(s). Together the regional coalition will identify project clusters to propose for funding. Eligible Projects: All proposed projects within the cluster must be identified as ready-to-go and able to be completed within the 24-month period of performance (POP). Projects must have completed feasibility and environmental studies and have received permits, if relevant. Project clusters must include two or more of the following project categories: <i>Ecosystem Support:</i> Projects that address cross-cutting gaps in a sector ecosystem (e.g., support for backbone organizations, capital and technical assistance to support new and expanding businesses, targeted	California Jobs First Council	State	Minimum: \$500,000 No maximum	Not required	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Complex

8	12/15/25 Coastal Education	Whale Tail Grant. For projects that connect people to the California Coast and its watersheds through education, stewardship, and outdoor experiences. Grants will focus on engaging communities that face barriers accessing coastal and marine opportunities. Projects must engage communities in California and include education about coastal and marine environments. This may include classroom-based programs, field trips, climate change education and stewardship, coastal habitat restoration or shoreline cleanup programs with community involvement, community or participatory science, cultural and ancestral practice preservation, workforce development, and much more. Projects can engage participants of any age.	California Coastal Commission	State	\$50,000 At least 25% of projects funded outside of the tribal set-aside will be small grants up to \$25,000	Not stated as required	Website Link to Prior Awards: Refer the guideline for a list of previous awards. 28	Ongoing (Readiness Path and Implementation Path) 03/03/26 (Industry Transformation Path) Economic Development	FY 2025 Disaster Supplemental Funding. To help communities and regions devise and implement long-term economic recovery strategies through a variety of non-construction and construction projects in areas where a Presidential declaration of a major disaster was issued in 2023 and 2024. Three funding pathways: • Readiness Path – Capacity building and strategic planning projects that set the stage for future investment. • Implementation Path – Standalone construction and non-construction projects that help communities recover from natural disasters and advance recovery and growth. • Industry Transformation Path – Coalition-led, multi-project portfolios that transform regional economies through targeted industry development. Location requirement: Projects must be located in, primarily serve, or demonstrably benefit one or more communities in areas that received a major disaster designation occurring in calendar years 2023 and 2024. Check eligibility here: https://www.fema.gov/disaster/declarations	U.S. Economic Development Administration (EDA)	Federal	Readiness Path: \$250,000 to \$500,000 Implementation Path: Construction Projects: \$2 million to \$20 million Non-constructions Projects: \$100,000 to \$5 million Industry Transformation Path: \$20 million to \$50 million	20%, which may be waived for Tribal and severely stressed applicants	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Complex

3	PAUSED Reentry	Smart Reentry: Housing Demonstration Program Grant. To support state, local, and tribal governments to improve reentry and reduce recidivism by expanding and/or increasing access to housing for people who are currently or formerly involved in the criminal justice system. Prior to the release from incarceration, individuals will be screened, assessed, and identified for program participation. The program will help jurisdictions assess their reentry systems, identify strengths and gaps, and then build capacity for improved housing options for adults released from prison or jail. 4	PAUSED 02/10/26 Round 2 Water	Applied Science Grants. To develop hydrologic information and water management tools and improve modeling and forecasting capabilities. Results from these Projects will be used by water managers to increase water supply reliability, provide flexibility in water operations, and improve water management. Projects must support one or more of the following water management objectives: • Water supply reliability; • Improved management of water deliveries; • Water marketing activities; • Drought management activities; • Conjunctive use of ground and surface water; • Water rights administration; • Ability to meet endangered species requirements; • Watershed health; • Restore a natural feature or use a nature-based feature to reduce water supply and demand imbalances or the risk of drought or flood, conservation and efficiency; or • Other improvements to water supply reliability.	U.S. Bureau of Reclamation	Federal	\$400,000	25% or 50% of the total project costs, depending on the project type	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium to Complex

5	PAUSED Water	WaterSMART Environmental Water Resources Projects. For water conservation, water management, and restoration projects that provide significant environmental benefits and have been developed as part of a collaborative process to help carry out an established strategy to increase the reliability of water resources.	U.S. Bureau of Reclamation	Federal	\$6 million	25%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium to Complex
6	PAUSED Substance Use Prevention	Comprehensive Opioid, Stimulant, and Substance Use, Site-Based Program. Seeks to support local governments to reduce overdose deaths and the impact of illicit substance use and misuse on individuals and communities. Program Goals: - Develop, implement, or expand comprehensive programs to identify, respond to, treat, and support those impacted by illicit opioids, stimulants, or other substances. - Provide training and resources to support state, local, tribal, and territorial efforts to respond to illicit substance use.	U.S. Department of Justice	Federal	Category 1a - Local-Urban area or large jurisdiction: \$1.6 million Category 1b - Local-Suburban area or medium-size jurisdiction: \$1.3 million Category 1c - Local-Rural Jurisdiction: \$1 million	Not required	Website Link to Prior Awards: Link Success Rate: Category 1a: 19 anticipated awards Category 1b: 20 anticipated awards Category 1c: 10 anticipated awards LOD: Medium

7	PAUSED Law Enforcement	Virtual Reality De-escalation Site-Based Initiative Program. To assist law enforcement agencies in adopting virtual reality (VR) technology for training purposes. The program supports innovative tools, such VR systems, that allow for multi-participant engagement and can be integrated into training focused on improving law enforcement responses to individuals in crisis.	U.S. Department of Justice	Federal	\$800,000	Not required	Website Link to Prior Awards: Success Rate: Not Available LOD: Medium
8	PAUSED Law Enforcement	Collaborative Crisis Response and Intervention Training Program. To improve public safety and health for people with mental health disorders (MHDs), co-occurring mental health and substance use disorders (MHSUDs), intellectual and developmental disabilities (IDDs), and physical disabilities who come into contact with law enforcement and the criminal justice system; and, to support state, local, and tribal law enforcement and correctional entities to develop and implement crisis response training programs. The program has two categories: Category 1: <u>Training Program for Law Enforcement Officers</u> will provide funding to law enforcement agencies for training field-based officers. This includes police departments, sheriff's offices (patrol-based), probation and	U.S. Department of Justice	Federal	\$312,500	Not required	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium

		parole (field-based), and campus-based police. Category 2: <u>Training Program for Correctional Officers</u> will provide funding to correctional agencies for training facility-based officers. This includes probation and parole (facility-based), sheriff's offices (facility-based), and other officers working inside a correctional facility.					
9	PAUSED Law Enforcement and Mental Health	Justice and Mental Health Collaboration Program (JMHCP). To improve public safety responses and outcomes for individuals with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs). The goal is to improve safety and well-being for adults with MHDs (including people with traumatic brain injury (TBI) and post-traumatic stress disorder (PTSD)) or MHSUDs who come into contact with the criminal justice system. Category 1 eligible applicants: City or township governments, County governments, Special Districts, and Agencies with a different legal status (e.g., nonprofit or for-profit mental health agencies).	U.S. Department of Justice	Federal	Category 1: \$550,000	Years 1 – 2: 20% Year 3: 40%	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Medium

10	PAUSED Law Enforcement	Connect and Protect: Law Enforcement Behavioral Health Response Program. To fund programs to improve public health and public safety by improving responses to and outcomes for people with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs). Objectives: • Enhance crisis response; • Enhance coordination with relevant entities; • Train and develop staff; • Engage and educate the community; • Leverage existing resources; • Support veterans; • Plan for multidisciplinary collaboration; • Utilize Training and Technical Assistance (TTA); • Upgrade technology; and • Build program sustainability. Requirements: Two-phase process consisting of planning and implementation activities. • The planning phase is up to 12 months. • Document the approach for implementing or enhancing law enforcement-behavioral health responses to individuals with MHDs	U.S. Department of Justice	Federal	\$550,000	Years 1 and 2: 20% Year 3: 40%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium

		or co-occurring MHSUDs who come in contact with law enforcement. • Collect data on the program's outcomes, effectiveness, and challenges and develop a report to share with fellow grantees. • Develop common metrics and processes for tracking calls. • Incorporate training and technical assistance as well as information and best practice guidance, using BJA's training and technical assistance provider, into the "Planning and Implementation Guide." Outline and submit a plan at close out for obtaining the necessary support to sustain and continue the proposed collaboration program following the conclusion of federal support.					
11	PAUSED Water	Large-Scale Water Recycling Project. Funding for planning, design, and construction of Large-Scale Water Recycling Projects with a total project cost greater than \$500 million. For planning, preliminary design, and environmental compliance activities for water recycling and desalination projects. Multiple applications for funding may be submitted for consideration under this funding opportunity, provided that the project scopes are not duplicative.	U.S. Bureau of Reclamation	Federal	Interested applicants should consult with BOR to size proposed projects.	75%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Complex

12	PAUSED Round 2: 02/17/26 Water	Aquatic Ecosystem Restoration Project. To study, design, and construct large-scale aquatic ecosystem restoration projects that have widespread regional benefits, and result in the improvement of the health of fisheries, wildlife, and aquatic habitat. - Task A: Study and Design: Develop an aquatic ecosystem restoration study and design that can be used to apply for funding under Task B. - Task B: Construction Projects: Construction of aquatic ecosystem restoration projects that are collaboratively developed, have widespread regional benefits, and are for the purpose of improving of the health of fisheries, wildlife, and aquatic habitat. Eligible restoration activities: - Removal or Modification of Barriers to Fish Passage; - Restoration of Floodplain Connectivity; - Restoration of Aquatic Habitat; - Implementation of Nature-Based Solutions Projects; - Improvement of Water Availability, Quality, and Temperature; and - Other Related Activities.	U.S. Bureau of Reclamation	Federal	Task A: \$500,000 to \$2 million per project Task B: \$3 million to \$10 million per project	35%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Complex

13	PAUSED Watershed	Cooperative Watershed Management Program Phase I. To develop a watershed group, complete watershed restoration planning activities, and design watershed management projects. Program requirements: Task A: Watershed Group Development - Developing a mission statement, vision statement, and goals for the watershed group. - Developing articles of incorporation, bylaws, and business practices. - Conducting outreach activities. - Gathering information about issues and needs related to water quality, water quantity and restoration needs within the watershed. - Conducting pre-planning activities. Task B: Watershed Restoration Planning - Completing or updating a watershed restoration plan. - Developing general watershed management project concepts or performing an analysis of the watershed to identify and prioritize watershed management projects. - Conducting monitoring activities. - Conducting mapping and other technical analyses.	U.S. Bureau of Reclamation	Federal	Minimum: \$10,000 Maximum: \$300,000	Not required	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium to Complex

14	PAUSED Water	WaterSMART Small Scale Water Efficiency Projects. Funds projects such as installation of flow measurement, automation in a specific part of a water delivery system, the lining of a section of a canal to address seepage, or other similar projects limited in scope.	U.S. Bureau of Reclamation	Federal	\$125,000	50%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium
15	PAUSED Ongoing Brownfields	Targeted Brownfields Assessment (TBA) Technical Assistance Program. To conduct Phase I Environmental Site Assessment (ESA) and/or Phase II ESA which documents environmental conditions at a property under consideration for redevelopment. The TBA can also be used to evaluate various cleanup alternatives, costs, and reuse planning. EPA's environmental consultants will conduct the TBA. Communities participating in a TBA will receive a written report detailing the findings of Phase I or Phase II ESA. The reports are intended to help meet due diligence requirements of real estate transfer, and to identify environmental impediments to redevelopment.
