To whom it may concern

Thank you so much for giving us an opportunity to voice our comments to help shape future transit improvements. First, I live in Ontario. I use Omnitrans buses to and from work, and the airport occasionally. I think longer operational hours and more frequent services (especially for the routes that pass by airport and train stations) could really encourage more residents to use the system. Secondly, Omnitrans Route 81 should go directly into the Ontario Airport. Making them transfer 1 more time at Airport/Haven is unnecessary and inconvenient for those who carried luggages.
