

**San Bernardino Council of Governments
Grant Opportunities and Forecast
March 11, 2026**

*(**NEW!** is noted for grants added in the past 14 days)*

Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The “Success Rate” for each opportunity (if known) is indicated in **blue** in the “Notes” column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished “in-house” with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

TABLE 1 New Grant Opportunities			
Deadline	Name of Grant	Grant Number*	Page Number
03/27/26	California Fire Foundation Southern, Central & Coastal California Fire Prevention & Preparedness Grant	18	25
04/06/26	Endangered Species Conservation and Recovery Grant Program (Section 6)	27	36
05/04/26	Affordable Housing and Sustainable Communities Program	34	43

*By selecting the Grant Number in Table 1, you will be navigated directly to that grant opportunity in Table 2.

1	Ongoing (Readiness Path and Implementation Path) Economic Development	FY 2025 Disaster Supplemental Funding. To help communities and regions devise and implement long-term economic recovery strategies through a variety of non-construction and construction projects in areas where a Presidential declaration of a major disaster was issued in 2023 and 2024. Three funding pathways: • Readiness Path – Capacity building and strategic planning projects that set the stage for future investment. • Implementation Path – Standalone construction and non-construction projects that help communities recover from natural disasters and advance recovery and growth. • Industry Transformation Path – Coalition-led, multi-project portfolios that transform regional economies through targeted industry development. Location requirement: Projects must be located in, primarily serve, or demonstrably benefit one or more communities in areas that received a major disaster designation occurring in calendar years 2023 and 2024. Check eligibility here: https://www.fema.gov/disaster/declarations	U.S. Economic Development Administration (EDA)	Federal	Readiness Path: \$250,000 to \$500,000 Implementation Path: Construction Projects: \$2 million to \$20 million Non-constructions Projects: \$100,000 to \$5 million Industry Transformation Path: \$20 million to \$50 million	20%, which may be waived for Tribal and severely stressed applicants	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Complex

2	03/12/26 Climate Smart Communities	Climate Smart Communities Initiative. To advance community-based climate resilience in communities or regions that are highly vulnerable to the impacts of climate change. CSCI grants strengthen this work by funding the time and capacity of adaptation practitioners who help local stakeholders transform their climate resilience visions and goals into concrete, actionable plans and projects. Eligible expenses and resources include: • Complete a climate vulnerability and sensitivity analysis • Facilitation of planning processes • Community engagement • Resilience project prioritization • Obtaining financing for the implementation of planned climate resilience efforts Eligible applicants: The adaptation practitioner will be the recipient of the award (with funds passed through to partners as needed and determined by the scope of the work proposed) and will take on the grant administration responsibilities throughout the grant period. • An Adaptation Practitioner is an expert who supports communities, organizations, agencies, or other entities in their efforts to prepare for and	Climate Smart Communities Initiative (CSCI)	Private	\$75,000 to \$115,000	Not required	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium

		respond to current and future climate-related hazards whose firm or organization has been accepted in the Registry of Adaptation Practitioners. • Partners: CSCI grants support climate resilience-building efforts that include three types of partners: 1) Adaptation practitioner, 2) Community-based organization, 3) U.S. local or regional government. Communities must have a population of 300,000 or less unless the project is regional in focus which can include a community population of up to 500,000. If a community crosses state lines and meets the population size criteria, that is acceptable.
