

**San Bernardino Council of Governments
Grant Opportunities and Forecast
August 12, 2026**

*(**NEW!** is noted for grants added in the past 14 days)*

Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The “Success Rate” for each opportunity (if known) is indicated in **blue** in the “Notes” column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished “in-house” with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

TABLE 1 New Grant Opportunities			
Deadline	Name of Grant	Grant Number*	Page Number
08/24/26	Regional Conservation Partnership Program (RCPP) Classic	5	8
08/24/26	Community Policing Development (CPD) Law Enforcement Products and Resources	6	8
08/27/26	Community Policing Development (CPD) Accreditation Program	8	10
08/27/26	Safer Outcomes Enhancing Crisis Response Training for Law Enforcement – Support for Law Enforcement Agencies	9	11
08/28/26	Outdoor Recreation Legacy Partnership (ORLP) Program Round 8	10	12
08/28/26	Bureau of Land Management Forest and Woodlands Resource Management	11	13
08/31/26	Healthy Homes Production (HHP) Program	12	15
08/31/26	Older Adult Home Modification Program (OAMHP)	13	17
08/31/26	Lead Hazard Reduction Grant Program	14	19
08/31/26	Adaptive Integrative Pest Management (IPM) for Invasive Agricultural Pests Program	15	20
09/01/26	Sustainable Pest Management (SPM) Grants Program	18	23
09/08/26	Wetland Mitigation Banking Program (WMBP)	19	24
09/21/26	Grants for Busses and Bus Facilities Competitive Program	21	27
09/21/26	Low or No Emission Grant Program (Low-No Program)	22	28
10/07/26	Farm and Ranch Solid Waste Cleanup and Abatement Grant Program	26	33

*By selecting the Grant Number in Table 1, you will be navigated directly to that grant opportunity in Table 2.

2	08/17/26 Grants.gov 08/24/23 Just Grants Law Enforcement	Community Policing Development (CPD) Microgrants. To fund demonstration or pilot projects that increase law enforcement agencies' capacity to implement innovative or evidence-based approaches that improve officer and public safety, advance crime fighting, increase organizational effectiveness, and promote community safety. Eligible Project Types: Applicants must propose a demonstration or pilot project under one selected subcategory. Projects may support innovative, evidence-based, data-driven, investigative, enforcement, organizational, recruitment, technology, interagency, or community-policing approaches responsive to the selected subcategory: • Preventing and Investigating Domestic Terrorism • Violent Crime Enforcement and Investigations • Gang Violence Enforcement and Investigations • Detecting and Investigating Human Trafficking • Investigating and Interrupting Child Exploitation • Vagrancy and Squatting • Immigration and Border Security	U.S. Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS Office)	Federal	\$200,000	Not required	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Medium

7	08/24/26 08/23/27 Fish Passage	National Culvert Removal, Replacement, and Restoration Grant Program. For the replacement, removal, and repair of culverts or weirs that would meaningfully improve or restore fish passage for anadromous fish. Eligible project types: • Culverts and weirs having a transportation nexus and posing barriers to anadromous fish. With respect to weirs, projects may include infrastructure to facilitate fish passage around or over the weir, and weir improvements. • A weir is a constructed barrier on a stream channel designed to provide hydraulic control without completely stopping flow or creating a large storage impoundment. A dam is not a weir for the purposes of this program. 10	08/28/26 Parks	NEW: Outdoor Recreation Legacy Partnership Program (ORLP) Round 8. To acquire land for new public parks, develop new outdoor recreation facilities, or substantially renovate existing parks to expand close-to-home outdoor recreation opportunities in qualifying communities. Eligible Project Types: • Acquisition of land or permanent interests in land for new public outdoor recreation areas or expansion of existing parks. • Development of new public parks. • Expansion of an existing park through the addition of land outside its current boundary. • Development of new outdoor recreation features within an existing park. • Substantial renovation of an existing recreation feature when the work creates a new or expanded recreational use. Eligible outdoor recreation features may include: • Athletic, fitness, play, and wheeled-sport facilities; • Aquatic, fishing, paddling, and waterfront recreation; • Trails, greenways, open space, and natural recreation areas; and	California State Parks	Federal via State	\$15 million Minimum: \$300,000	50%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium

		Gardens, picnic areas, plazas, amphitheaters, and cultural gathering spaces.					
11	08/28/26 Environmental Sustainability	NEW: Bureau of Land Management Forest and Woodlands Resource Management. To support preparation, administration, and implementation of projects that improve forest and woodland health, sustainable forest management, fire resiliency, biomass utilization, habitat conservation, and recovery from wildfire, insects, disease, and drought on BLM-managed public lands. Priority work includes stewardship and Tribal Forest Protection Act projects. Program Strategic Goals: - Implement science-based forest restoration projects to improve forest health and resilience to wildfires, insects, disease, and drought. - Sustainable harvest of forests and woodlands to produce a continuous supply of wood products and biomass for renewable energy. - Salvage dead and dying timber to reduce fuels, in balance with the need for wildlife habitat, watershed function, and soil stability, while supporting local economies.	U.S. Department of Interior (DOI) <i>Bureau of Land Management (BLM)</i>	Federal	\$1 million Minimum: \$50,000	Not Required Voluntary non-federal cash or in-kind cost share may be a significant review factor	Website Link to Prior Awards: Not available Success Rate: Not Available LOD: Complex

12	08/31/26 Housing Improvements	NEW: Healthy Homes Production Program (HHP). To reduce housing-related health and safety hazards in low-income housing through comprehensive assessments and cost-effective remediation, with an emphasis on protecting children, older adults, and persons with disabilities. Supplemental funding may support coordinated weatherization work that improves energy efficiency, moisture control, ventilation, and indoor environmental health. Eligible Project Types: • Comprehensive assessment of housing-related health and safety hazards using a Healthy Homes Assessment Tool; • Sampling, testing, and analysis for allergens, carbon monoxide, radon, mold, lead, and other relevant hazards; • Hazard remediation and related contractor labor, materials, clearance, and follow-up activities; • Temporary relocation during remediation; • Soft costs directly supporting unit intake, assessment, work specifications, construction management, remediation, and clearance; • Data collection, program analysis, and evaluation; • Targeted outreach, affirmative marketing, and resident education	U.S. Department of Housing and Urban Development (HUD)	Federal	\$4.35 million Healthy Homes Production: \$1.5 - \$4 million Optional Weatherization Supplemental Funding: \$100k - \$350k	10%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium to Complex

13	08/31/26 Housing	NEW: Older Adults Home Modification Program (OAHMP). To fund comprehensive programs that provide low-cost, low-barrier, high-impact safety and functional home modifications, repairs, and renovations for low-income adults age 62 or older, helping them reduce fall risks, improve accessibility and functional abilities, and remain safer in their homes. Project Activities: 1. Outreach, intake, and assessment • Beneficiary outreach, referrals, eligibility verification, and written consent; • Initial interview and standardized in-home assessment of functional abilities, fall risk, mobility, adaptive equipment, and home hazards; and • Referrals for needs outside the program's scope. 2. Work order and service planning • Prioritization of necessary modifications with the client's input and consent, and • Preparation of a work order and related specifications. 3. Home modification work • Qualified contractor labor, materials, and supplies, and	U.S. Department of Housing and Urban Development (HUD)	Federal	\$3 million Minimum: \$2 million	Not Required	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium to Complex

14	08/31/26 Housing & Community Development	NEW: Lead Hazard Reduction Grant Program. To protect children under age six from lead poisoning by helping state, Tribal, and local governments identify and control lead-based paint hazards in eligible privately owned, pre-1978 rental and owner-occupied housing. Typical service delivery includes: Outreach, recruitment, and eligibility - Recruit participants and verify housing, household-income, and child-occupancy eligibility. - Conduct targeted outreach and lead-poisoning prevention education. Hazard evaluation and work planning - Perform lead-paint inspections, risk assessments, and dust, soil, paint-chip, or X-ray fluorescence testing. - Develop specifications and treatment plans for identified hazards. - When Healthy Homes Supplemental funding is requested, assess other documented housing-related health and safety hazards in the same assisted units.	U.S. Department of Housing and Urban Development (HUD)	Federal	\$7.85 million Minimum: \$1 million	10%	Website Link to Prior Awards: Not available Success Rate: Not Available LOD: Complex

TABLE 2

		3. Hazard control and related housing work - Complete interim controls, lead-based paint abatement, and necessary repair or rehabilitation required to make the hazard-control work effective and durable. - Provide temporary relocation when occupants cannot safely remain during the work. 4. Clearance, reoccupancy, and completion - Verify that treated units meet clearance standards before reoccupancy and document results.					
15	08/31/26 Invasive Pest Management	NEW: Adaptive Integrative Pest Management (IPM) for Invasive Agricultural Pests Program. To support research to develop adaptable integrated pest management programs that can be implemented when invasive agricultural pests become established, resurge, or expand in California. It will also fund refinement of existing IPM strategies and additional control measures for established invasive pests associated with extensive pesticide use or pesticide resistance.	California Department of Food and Agriculture (CDFA)	State	\$500,000	Not Required <i>Matching funds from industry partners are encouraged but not required and may strengthen the Project Team and Resources evaluation</i>	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Medium

16	09/01/26 Phase 1 Phase 2: Upon invitation Public Safety & Emergency Management	FY 2026 Model Cities Initiative (MCI). Provides targeted funding to help select cities implement innovative, data-driven public safety strategies that reduce crime and serve as national models. The program emphasizes proactive policing, technology adoption (including drones and artificial intelligence), intelligence-led crime prevention, and strengthening forensic, prosecutorial, victim services, recidivism reduction, and substance use and mental health initiatives through a comprehensive, community-based approach. Eligible project types: • Goal 1: Expand crime-fighting, investigative, and prosecution capacity. • Goal 2: Modernize crime data, intelligence, incident response, and analytics to support evidence-based policing. • Goal 3: Advance innovative strategies for policing and violent crime reduction. • Goal 4: Strengthen law enforcement readiness and support frontline officers. • Goal 5: Enhance services and support for victims of crime. • Goal 6: Reduce recidivism and promote successful community reintegration. • Goal 7: Expand behavioral health treatment and recovery services to improve public safety outcomes.	U.S. Department of Justice (DOJ)	Federal	Available: \$300 million Maximum: TBD	Not Required	Website Link to Prior Awards: Not available - first year of program Success Rate: Not Available LOD: Complex

17	09/01/26 Grants.gov 09/03/26 JustGrants	Local Law Enforcement Grants for Enforcement of Cybercrimes Program. To prevent, enforce, investigate, and prosecute cybercrimes against individuals, including technology-facilitated harassment, threats, stalking, extortion, coercion, intimidation, and nonconsensual distribution of an adult's intimate images. Eligible Project Types (Purpose Areas): 1. Training law enforcement personnel. 2. Training prosecutors, judges, and judicial personnel. 3. Training emergency dispatch personnel. 4. Supporting law enforcement operations to enforce cybercrime laws, including eligible overtime. 5. Educating the public to prevent, deter, and identify cybercrimes against individuals. 6. Placing victim assistants who serve as liaisons between victims and law enforcement personnel. 7. Establishing task forces dedicated solely to cybercrime investigations, forensic analysis, and prosecutions. 8. Acquiring computers and other equipment needed for investigations and forensic analysis, including associated training, maintenance, and technical updates.	U.S. Department of Justice (DOJ)	Federal	\$750,000: Project Area 1 or 2 \$500,000: Project Areas 3 through 10	Not required	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Medium

		9. Sharing federal law enforcement expertise and information with state, Tribal, and local agencies and prosecutors, including through multijurisdictional task forces. 10. Processing interstate extradition requests and supporting eligible extradition costs.					
18	09/01/26 Environmental & Sustainability	NEW: Sustainable Pest Management (SPM) Grants Program. To fund research, knowledge, tools, outreach, education, training, and implementation that advance integrated and sustainable pest management in California’s agricultural, urban, and wildland settings while reducing pesticide impacts on public health and the environment. Projects should have potential for broad adoption and systemwide application. DPR particularly seeks projects addressing: • Alternatives for weed management • Alternatives for rodent management • Alternatives to fumigants • Adoption of emerging technologies that advance IPM or SPM • Emerging pests and prevention strategies • Alternatives to pesticides prioritized by DPR for mitigation or evaluation	California Department of Pesticide Regulation (DPR)	State	\$1 million Minimum: \$100,000	Not Required	Website Link to Prior Awards: DPR Grants Alliance Grants SPM Grants Success Rate: 11.3% LOD: Medium

19	09/08/26 Environmental & Sustainability	NEW: Wetland Mitigation Banking Program (WMBP). To support the development and establishment of wetland mitigation banks that make mitigation credits available solely to agricultural producers subject to the wetland conservation compliance provisions of the Food Security Act of 1985. Funding helps establish banks through wetland restoration, enhancement, or creation and related planning, assessment, permitting, and administration. Priority Geographies: Banks in states with significant numbers of individual wetlands, wetland acres, and conservation compliance requests: Georgia, Illinois, Indiana, Iowa, Michigan, Minnesota, Nebraska, Ohio, Pennsylvania, South Dakota, and Wisconsin. Banks in other states are still eligible.	U.S. Department of Agriculture (USDA)	Federal	\$1 million Minimum: \$100,000	20%	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Complex

20	09/09/26 Round 1 09/08/27 Round 2 Water Management	WaterSMART: Enhancing Water Resources Projects. To implement projects that benefit water resource management for multiple uses, including water conservation and efficiency projects, water infrastructure improvements, and river and watershed restoration. Eligible Project Types: • <u>Water Supply Reliability:</u> activities to increase available water, reduce water loss, or better track and manage water (e.g., canal lining or piping, irrigation flow measurements, SCADA automation). • <u>Strategic Water Management:</u> water management changes or infrastructure improvements that improve water supply reliability and provide in-stream benefits (e.g., point-of-diversion changes, treating return flows, water storage to improve streamflow). • <u>Restoration:</u> restore or improve in-stream habitat or adjacent riparian areas (e.g., aquatic/riparian/floodplain habitat restoration, floodplain and wetland reconnection, beaver dam analogs, water quality or temperature improvement). • <u>Monitoring Plans:</u> monitoring program development, baseline and up to 12	U.S. Bureau of Reclamation (BOR)	Federal	\$3 million Minimum: \$50,000	25%	Website Link to Prior Awards: Not available Success Rate: Not Available LOD: Complex

22	09/21/26 Bus Transportation	NEW: Low or No Emission Grant Program (Low-No Program). To support the purchase or lease of low- and zero-emission transit buses and the acquisition, construction, rehabilitation, or lease of required supporting facilities and equipment. The program seeks to reduce energy consumption, harmful emissions, and direct carbon emissions while modernizing public transit systems. Eligible Project Types: • Purchase or lease of low-emission transit buses, including propane, CNG, and hybrid-electric buses. • Purchase or lease of zero-emission buses, including hydrogen fuel-cell, battery-electric, and rubber-tire trolley buses powered by overhead catenaries; buses may be acquired with a leased power source. • Acquisition, construction, lease, rehabilitation, or improvement of public transportation facilities and equipment needed to accommodate low- or zero-emission buses, including charging, refueling, and maintenance facilities. • Innovative capital projects improving coordination between public transportation and non-emergency medical transportation.	U.S. Department of Transportation (DOT) <i>Federal Transit Administration (FTA)</i>	Federal	Not stated Funding available: \$588,971,305 <i>FTA estimates approximately 50 awards</i>	20%	Website Link to Prior Awards: Link Success Rate: 57.5% - In FY25 there was \$1.6 billion available. FY26 there is only \$588 million available. LOD: Medium to Complex

23	09/30/26 Climate Planning	Transformative Climate Communities (TCC) Planning Grant Program - Round 6. To support planning activities that prepare low-income, disadvantaged, and Tribal communities for future implementation of programs aligned with TCC Program Objectives. The TCC Program funds community-led projects that reduce greenhouse gas (GHG) emissions while improving public health, economic opportunity, and environmental conditions. Eligible Project Types and Activities: Planning activities that prepare communities for future funding opportunities aligned with TCC Program Objectives, such as: • Building internal and partner capacity to support collaborative partnerships • Evaluating, updating, and streamlining policies and codes • Conducting fiscal analyses to assess long-term service costs • Preparing climate action and climate adaptation plans • Conducting inclusive community engagement • Preparing for future funding opportunities • Defining Health Equity and establishing related goals for the Project Area • Identifying and preparing project sites for future community-serving uses	California Strategic Growth Council (SGC)	State	\$300,000	Not Required	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium

24	09/30/26 Climate Pre-Development Activities	Transformative Climate Communities (TCC) Project Development Grant Program - Round 6. To fund pre-development activities that advance community climate and resilience goals and prepare projects that align with TCC Program Objectives for future implementation funding. These grants are intended for communities that have completed prior planning and identified priority projects but require additional development to advance those projects toward implementation. This grant addresses the gap between Planning Grants and Implementation Grants. Eligible Project Types and Activities: • All Planning Grant eligible activities (community engagement, plan development, policy/code evaluation, capacity building) • Feasibility studies • Market analysis • Environmental assessments • Land and project management surveys • Remediation • Site and development plans • Project designs • Permitting • Financial planning (e.g., preliminary budget and construction financing) • Infrastructure pre-development and development of long-term operations	California Strategic Growth Council (SGC)	State	\$5 million	Not required	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Medium to Complex

25	09/30/26 Climate Implementation	Transformative Climate Communities (TCC) Implementation Grant Program - Round 6. To fund neighborhood-level projects that include multiple, coordinated activities that reduce GHG emissions and achieve community benefits. Implementation Grants fund neighborhood-scale applications that include multiple, coordinated projects to reduce greenhouse gas emissions and deliver broader community benefits. These grants support climate resilience projects and infrastructure that respond to community-identified needs in Tribal, disadvantaged, and low-income communities. Eligible Project Types and Activities: Neighborhood-level projects that include multiple, coordinated activities that reduce GHG emissions and achieve community benefits, such as: • Infrastructure: affordable housing, bike lanes, transit services, urban greening • Social programs: supportive services, food distribution, transit pass distribution • Pre-development for construction activities	California Strategic Growth Council (SGC)	State	\$27.5 million	25% - 50% Varies depending on DAC status	Website Link to Prior Awards: Link Success Rate: Not Available LOD: Complex

36	Continuous basis until the target yield of 170,000 acre-feet per year is fully subscribed. Funding available as of 10/21/25 Water	Local Resources Program. For the development of water recycling, groundwater recovery, and seawater desalination supplies that offset an existing demand or prevents a new demand on Metropolitan's imported water deliveries either through direct replacement of imported water or increased regional groundwater production. Strong consideration will be given to projects that are well positioned for construction and timely production of stated project capacities in the near future. Projects with long ramp-up schedules may be addressed in phases. Agency must apply for each phase separately when each phase is poised for timely construction and operation. Expansion of an existing project may be eligible on a case-by-case basis. For an expansion project to be eligible, the Agency must be committed to the expansion to produce water above the existing facility annual production.	Metropolitan Water District of Southern California	Regional	There are three incentive payment structure options to choose from: <u>Option 1:</u> Sliding scale incentives up to \$340/AF over 25 years <u>Option 2:</u> Sliding scale incentives up to \$475/AF over 15 years <u>Option 3:</u> Fixed incentive up to \$305/AF over 25 years See pages 8 – 9 for more details on the Incentive Payment Structure of the Guidelines: Link	Not stated as required	Website Link to Prior Awards: Not Available Success Rate: Not Available LOD: Complex

56	First Come, First Served Opened October 31, 2022 (funding available as of 12/13/25) Bus Replacement Emission Reduction	VW Settlement Fund Transit, School, and Shuttle Buses Program. To replace older, high-polluting transit, and shuttle buses with new battery-electric or fuel-cell buses. This project mitigates excess NOx emissions, reduces pollution in disadvantaged and low-income communities, supports advanced technology vehicle and equipment deployments and accelerates the zero-emission transformation of the heavy-duty fleet. Light-duty Zero emission Infrastructure, Hydrogen, Zero-emission Freight and Marine Projects funding is exhausted.	California Air Resource Board (to be administered by San Joaquin Valley Air Pollution Control District)	Private	Transit Buses: New, Battery-electric transit bus - up to \$216,000 New, Fuel-cell transit bus – up to \$480,000 Shuttle Buses: up to \$192,000	Government must not exceed 100% of the eligible project costs. Non-Government must not exceed 75% of the eligible project costs. Stacking VW Mitigation Trust Funds with HVIP funds and other CARB and State programs that do not claim NOx emission reductions are allowed.
