San Bernardino Council of Governments
Grant Opportunities and Forecast
November 18, 2026
*(**NEW!** is noted for grants added in the past 14 days)*

Grant opportunities that may be of interest to SBCOG begin on the next page.

Table 1 includes a list of new grant opportunities since the last grant table.

Table 2 includes open grant opportunities. The "Success Rate" for each opportunity (if known) is indicated in **blue** in the "Notes" column. This is based on the number of applications awarded in relation to the number of applications submitted. The table also includes a link to past grant awards, if available. Additionally, we have included the anticipated level of difficulty to develop each grant proposal. A key is provided below for reference:

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished "in-house" with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

TABLE 1 New Grant Opportunities			
Deadline	**Name of Grant**	**Grant Number***	**Page Number**
11/30/26	Spark Good Local Grants	8	13
12/04/26	Flood Mitigation Assistance (FMA) Grant Program	11	17
12/15/26	Public Beach Restoration Program (PBR)	13	19
12/17/26	Landscape Scale Restoration Grant Program for Non-Federal Lands	16	24
01/05/27	Beverage Container Redemption Innovation Grant Program	18	26
01/08/27	Community Hubs Activation Program	20	29
01/21/27	Brownfield Assessment Grants (Assessment Coalition Grants)	25	35
01/21/27	Brownfield Assessment Grants (Community-wide Assessment Grants)	26	37
01/21/27	Brownfield Revolving Loan Fund (RLF) Grants	27	39
01/21/27	Brownfield Cleanup Grants	28	41
02/04/27	Dam Safety and Climate Resilience Local Assistance Program (DSCR)	32	48
Ongoing	Wildlife Corridor and Fish Passage	58	75

*By selecting the Grant Number in Table 1, you will be navigated directly to that grant opportunity in Table 2.

44	Ongoing Water	**Emerging Contaminants (EC) Funding (forgivable loans).** To address per- and polyfluoroalkyl substances (PFAS) and other emerging contaminants in drinking water. "Emerging contaminants" include contaminants listed on any of EPA's Contaminant Candidate Lists (CCL). Eligible projects and activities may include, but are not limited to: • Construction of a new treatment facility or upgrade to an existing treatment facility that addresses EC/PFAS. • Development of a new source (i.e., new/replacement well or intake for a public water system) that addresses an EC/PFAS issue. • Consolidation with another water system that does not have EC/PFAS present or has removal capability. • Infrastructure related to pilot testing for treatment alternatives. • Planning and design for small DACs • Creation of a new community water system to address unsafe drinking water provided by individual (i.e., privately-owned) wells or surface water sources. • Connection of private wells to an existing public water system. Eligible construction projects may include costs for planning and design.	State Water Resources Control Board (SWRCB)	Federal and State	Water systems that serve Disadvantaged Communities (DACs) or systems serving a population under 25,000: No maximum and no expectation of repayment (forgivable loans) Water systems that serve non-DACs with a population over 25,000: $25 million with no expectation of repayment (forgivable loans)	Water systems that serve Disadvantaged Communities (DACs) or systems serving a population under 25,000: No match Water systems that serve non-DACs with a population over 25,000: 50%	SWRCB: Website EPA: Website Link to Prior Awards: Not Available **Success Rate:** Not Available **LOD: Complex**

45	Ongoing Pet Emergency Planning	**AKC Pet Disaster Relief.** To provide an AKC Pet Disaster Relief Unit—a stocked mobile trailer and supplies—to support emergency planning and temporary sheltering of displaced pets and service animals during natural or man-made emergencies or disasters. The program is intended to help local Emergency Management prepare for and respond to disasters affecting people and their pets.	American Kennel Club (AKC) Reunite	Private	This is an in-kind grant rather than a cash award. The current typical cost of a Unit is approximately $22,000	$12,000 is required by the local AKC club	Website Link to Prior Awards: Not Available **Success Rate:** Not Available **LOD: Simple**
46	Ongoing Fire Safety	**Brothers Helping Brothers Equipment Grant Request.** To provide financial assistance, tools, and equipment to small fire departments and EMS organizations that demonstrate financial need and community risk. Prior awards have supported items such as structural firefighting PPE, SCBA, rescue and extrication tools, thermal imaging cameras, EMS equipment, hose, training equipment, and other operational fire/EMS equipment. Applicant organization must serve a population of fewer than 10,000 people or organization must have less than 30 employees, which a majority is volunteer or paid-per-call personnel.	Brothers Helping Brothers (BHB)	Private	Not stated Previous awards range from several hundred dollars to $14,000	Not required	Website Link to Prior Awards: LINK **Success Rate:** Not Available **LOD: Simple**

	Water
		Clean Water State Revolving Fund (CWSRF) LOAN. For:
		• Construction of publicly-owned treatment facilities:
		  ○ Wastewater treatment
		  ○ Local sewers
		  ○ Sewer interceptors
		  ○ Water reclamation and distribution
		  ○ Stormwater treatment
		  ○ Combined sewers
		  ○ Landfill leachate treatment
		• Implementation of nonpoint source (NPS) projects to address pollution associated with:
		  ○ Agriculture
		  ○ Forestry
		  ○ Urban Areas
		  ○ Marinas
		  ○ Hydromodification
		  ○ Wetlands
		• Development and implementation of estuary comprehensive conservation and management plans for:
		  ○ San Francisco Bay
		  ○ Morro Bay
		  ○ Santa Monica Bay
			California State Water Resources Control Board	Federal via State	**Financing Terms:**
					
					Interest Rate: ½ most recent General Obligation (GO) Bond Rate at time of funding approval
					
					Financing Term: Up to 30 years or the useful life of the project
					
					Financing Amount: No maximum funding limit. No maximum disbursement limit.
					
					Repayment: Begins 1 year after completion of construction

	Wildlife and Habitat Restoration
		Restoration Grants. For planning, implementation, acquisition, monitoring, capacity building, and scientific studies in the following areas:
		• Drought Resiliency - Protecting Salmon - To support restoration and protection projects that enhance salmon resiliency to drought and climate change.
		• Addressing Climate Impacts - To support projects addressing urgently degrading water and habitat conditions due to climate change impacts.
		• Nature Based Solutions
		  ○ Wetlands and Mountain Meadows Restoration
		  ○ Wildlife Corridors - For connectivity planning and implementation projects
		• Proposition 1 - To fund grants for multi-benefit ecosystem and watershed protection and restoration projects.
		• Proposition 68 - To restore and protect rivers and streams in support of:
		  ○ River and Stream Restoration;
		  ○ Southern Steelhead Habitat Restoration; and
		  ○ Fish and Wildlife Habitat Restoration.
			California Department of Fish and Wildlife	State	None	Cost share is not required; however, proposals with higher proportions of secured cost share may receive higher scores during the evaluation process.	Website

59	Ongoing Economic Development	**Public Works and Economic Adjustment Assistance (PWEAA) Program.** • Public Works (PW): Through the primarily construction-oriented Public Works program, EDA provides catalytic investments to help distressed communities build, design, or engineer critical infrastructure and facilities that will help implement regional development strategies and advance bottom-up economic development goals to promote regional prosperity. • Economic Adjustment Assistance (EAA): Support a wide range of construction and non-construction activities in regions experiencing adverse economic changes that may occur suddenly or over time. Supported activities include construction and non-construction such as sectoral partnerships for workforce training, design and engineering, technical assistance, economic recovery strategies, and capitalization or re-capitalization of Revolving Loan Funds (RLF). EDA utilizes EAA investments to provide resources that help communities experiencing or anticipating economic dislocations to plan and implement specific solutions to leverage their existing regional economic advantages to support economic development and job creation. Strategy Grant: To develop, update, or refine a Comprehensive Economic Development Strategy	U.S. Economic Development Administration	Federal	Public Works: EDA expects awards in the range of $600,000 to $5 million EAA: EDA expects awards in the range of $150,000 to $2.5 million	Generally, the maximum baseline EDA investment rate (percentage of the total project costs) will be 60 percent, but EDA may fund a higher percentage of total project costs in limited circumstances based on the relative needs of the region. Table 1 (page 9 of the NOFO) below sets forth the maximum allowable investment rate depending on the economic distress of the region.	Website Link to Prior Awards: Here **Success Rate:** The average size of a Public Works investment has been approximately $1.4 million. The average size of an EAA investment has been approximately $650,000. **LOD: Complex**
